STUDENT OF THE MONTH

Grier School is always in the process of bettering itself. This year, various committees have been organized, monitors have been elected, projects are underway, and outstanding student citizens are chosen each month.

The "Student of the Month" is a high title of recognition given to the student with the best character traits. This honor is open to any student (except the Student Council in the future) who wishes to try. It is a contest in which all students compete with each other.

The Student Council nominates students who they feel would qualify from the seventh, eighth, and ninth grades. From these, five from each grade are chosen. Teachers who teach the various grades receive a list of those chosen and observe them. The students are graded on character traits, which include their disposition, attitude toward school, friends, and teachers, helpfulness, friendliness, plus other important character traits. The teachers then, by secret ballot, vote for the one they feel most qualified from each grade. It is not a popularity contest. This is why only teachers can vote. If students voted, it would wind up a popularity vote and the true meaning would completely be forgotten.

For the month of September, three students were selected for their outstanding citizenship. From the seventh grade we have Scott Nesheim. Our Student of the Month from the eighth is Nancy Hendricks. Chosen from the ninth is Danny Page, our vice-president.

Danny has blonde hair, blue eyes, one sister, and three dogs. He attends church and is an Eagle Scout in Troop 12. He is very pleased about the way the Student of the Month is progressing. He was one of those responsible for having the Student of the Month here at Grier. When asked of his feelings toward being selected Student of the Month, shock,
