- Feb. 21 - 1600 Song fest - Mrs. Funnell
2000 Group Singing
Acc. Ed Ives.

SPEEDBALL IS 'MOIDER' SAY BRUISED AND BATTERED PARTICIPANTS

Who said football is a rough game? Why it's snobby-pammy compared with 'Speedball', new G.I. version of commando-like fun. One bruised jeep maintained recently it is a game which must have been invented by drafted members of "Thunder Inc."

Game features use of a soccer ball, and combines several features of soccer and free-for-all tactics. The man, foolhardy to take the ball must attempt to score by kicking, batting or hurling the ball thru a goal, guarded by a "goalie."

And anything goes as far as the opposition is concerned. They can do anything, short of murder, to recover the ball. And boy oh boy they sure do.

ONLY TWO FIRES REPORTED IN JANUARY

Fire Chief Thomas A. Jones, of this field, has reported that only two fires required the calling of the fire department, for the month of January. He also stated that the department was aroused by a false alarm which was set off by the over heating of an automatic alarm control.

For this fine record, he wishes to thank the boys of this field for their cooperation in reducing the fire hazard and in keeping inflammable places clean.

The walls of the Service Club sport a brand new squadron insignia. The painting was contributed by the 795th Squadron.

When it comes time to find an all-around piano player at the club whether it consists of syncopation, waltz, group singing or what have you, the call for Pvt. Freddie Wolf rings through the Service Club, and a darn good job is done by the mentioned.

That bit of fancy hoofin' that is so noticeable in the middle of the floor at times, is contributed by Pvt. Vicent Philips.... Many thanks to Cpl. Tony Ardaino for making possible the mimeographed sheets for group singing...It has been reported by Senior Hostess Miss Gruspecker, that a Valentine Dance is shortly coming to the club. Many girls will help in making the dance more colorful.....Anyone wishing to learn new and snappy dance steps, waltz or rumba will be welcome to attend the dancing class to be held by Pvt. Joseph Provirara on Tuesday nights from 7 o'clock 'til 10 at the Service Club.

EDUCATIONAL COURSES OFFERED TO G. I.s

G. I. s stationed at Seymour Johnson Field have the chance to study everything from algebra to rocketry through correspondence courses offered by 75 universities and colleges, the Special Service Section office has announced.

Both the Army Institute course and study under university and college extensions are available to soldiers. There is a fee of \$2 per course under the Army Institute plan. The fee for extension courses at universities and colleges vary, however, the government will pay half the cost and tuition fee (not to exceed \$20 for any one course).

These courses are open to any soldier who has been in active service four months or longer and who has the approval of the Commanding Officer of his organization.

Application blanks may be obtained at the Special Service Section Office located in Theater 2.

HEADQUARTERS AND HEADQUARTERS By Cpl. Alex Karanikas

Goodbye and good luck to three of our most prominent members who have left for parts unknown: T/Sgt. John Watson, S/Sgt. Elac Baldrige, and Cpl. Charles Carter. Thinking of the great things our boys are doing overseas, many around the barracks said: "I wish I were going with them."

On behalf of the squadron, let Sgt. Kewley has thanked the Coca-Cola Co. for its gift of a fine variety of games for the Day Room. As a result of this gift, Sgt. Kewley and Cpl. Groves have a tremendous battle almost every night with darts.

Pvt. Jimmy Pace has found a name for the winter woolen hats recently issued to us. He calls it the Personality Hat, because it fits your personality, not your head.

Two men have been discharged to return to war industry: Pvt. Joseph Siegal and Pvt. John Surlak; while this week we had one newcomer, Pvt. Francis Brouard.

Our master carpenter, Sgt. Clark, with his trusty hammerheads, built us a bus stop, which is unique on the field. We welcome all to start their excursions to Goldsboro from our rendezvous.

We understand that our neighbors, the 36th T. S. S., is considering building tepees for its new crop of Indians, who stand in front of their barracks wrapped in GI blankets, yelling war cries, and dancing around with red feathers in their scalps.

333rd Air Base & Hdq Squadron
By Cpl. Francis T. Feeney

Pvt. Eusebe Dellaire informs this correspondent he positively is no boxer or wrestler; that he's simply too too annoyed with the offers given him by would-be challengers, and he asks for a correction. In civilian life, says Eusebe, he was solely interested in the art, you know, music, painting, good books and esoteric foods...We've learned from a good source a certain private took a flying lesson while at home but it wasn't in a plane. How's about it, Casimir? PFC Willie Menbrocker has all his meals at the Service club; wonder what the attraction there could be...PFC Kapinski settled all difficulties with his big moment while on furlough, now she's writing him daily...The men who were transferred to other Squadrons come to see us daily. We must be good, don't you think...Gone from mail call is the familiar cry "I want a letter from my wife." If you want to see a real perfect specimen of humanity, DON'T PLEASE DON'T look at PFC "Pappy" Arthur. And don't you laff, Askar, your worn-out joints need oiling, and plenty of it, too. Are you ill? See Cpl "Doc" Schroll in Bks 749...Our basketball team is not doing as well as we would like and we need more players. If you think you can play, come on in, and boy the water's chilly...PFC's Poul-in and Bratkovski are expectant fathers, which accounts for their long faces the past couple weeks. We still expect cessars, you know.

Buy War Bonds

800th Tech. Sch. Squadron By S/Sgt. Chiochino & Cpl. Verespy

We hear that Sgt. Pfeiffer is to become a proud daddy, any bet it's a gal?...A certain yardbird made a sensational 50-yard run during a football game. Only trouble was he ran the wrong way!... We suggest "Speedball" be renamed "MOIDER!"... Any other suggestions....Congratulations to Lt. Moss and Duff on recent promotions to 1st Lt. Newsset crase in this outfit seems to be mistakes...Many of our students are making good use of our boxing ring where he are having a lot of fistic funand where too, as we understand, a lot of grudge fights have been so nicely handled...We now have three barracks of patriotic students anxious to remain here as instructors. Many are wondering what happened to our basketball team. It's a good team, except that five men can't be expected to handle everything, how about some more players showing up?...Say, what's her name, Pat? She's sure cute...We Permanent Party men wish to congratulate our graduating students, and that goes double for our Officers, who also want to wish the lads every success in the world. We hope the 1st Sgt. had a goodtime on his furlough...bet he could have used another 100 days—right?

80th Aviation Squadron By Cpl. Thomas B. Smith

It has been some time since this column has appeared, on account of the fact the writer was away on furlough, and much water has gone under the bridge since then.

Most interesting development in our Squadron history is the return of Lt. John C. Miller to his post as Squadron Commander. Lt. Miller just returned from an officer's training school in Miami, Fla. While away his place was ably filled by Lt. Edward T. Riley.

The Squadron has had to relinquish some of its best enlisted men including acting 1st Sgt. L.L. Butler, who were sent to various technical schools out west. However the sadness caused by their departure was temporarily forgotten when on January 30th, a dance was held for our enlisted men at the Sports Arena, with music furnished by the Post Orchestra, which played beautifully and sweetly. Too, the feminine angle was all one could want. The comely and beautifully bedecked ladies came mostly from Goldsboro but several came from as far away as Wilmington, N.C.

795th Tech Sch Squadron By Pvt. F. Petray

Our Squadron has a new plaque in the service club whose inscription is "La Jour Viendra," translated from the French, means, "There will come a day."

Major Charles Ladson, Squadron Commander, away on furlough, with Capt. Cause, Acting Commanding Officer.

Cpl. Sam Wormser left for O.C. S.—Good Luck! Pvt. Ace Belo and S/Sgt. Parvin starred in basketball victory over the 798th T.S.S. in a practice game.

Ping pong tourney has started, with Lt. McFair cleaning up all the enlisted men.

Surprise of my life was when eating at Mess Hall 1, the other day, I asked for the milk and sugar and believe it or not some one actually handed it over to me, without quibbling. Must be the influence of the Captain in charge. Eh Wot!
