We know the answer to that and you didn't need to throw your barracks bag into the subject at- hand.

Reveille will work hardships on the noncoms. If they're on the field they've got to stand it. The ugly dilemma of staying out all nite in Goldboro every nite or getting up on the Goldboro roosters are enjoying their beauty rest, faces them.

By S. SGT. D. TOWSE Congratulations to the officers, and men of the 791st for winning the Excellence Award for the month of December. It was a very close race, but coming close doesn't count, so again we extend "Congrats" along with word of caution to the 36th.

Among the recent arrivals to the 36th was a "character" as yet unmatched in athletic prowess. Our "character" is none other than the "DUCHESS", the most beautiful hunt of Persian cat ever to invade the gates of Seymour Johnson Field. No definite job has been assigned to her as yet, so we suspect that she will be used mainly as a morale booster, a job that she has been doing very well since her arrival a week or so ago.

Eyes widened and heads nodded approvingly as the "Always on the Beam" 6th Group men, marched by a drum and bugle corps composed of men from the 36th and 791 T. S. S. The outfit was dressed in white helmets, leggings and presented a very fine appearance. The Group has many

322d Fighter Sq. 'Tomcats' Star in Flashy Hoop Plays

By S-SGT. FREDERICK BOWEN The highest school basketball team on the post, the quintet representing Major Henry H. Norman's 322d Fighter Squadron, will ex- No. 2 Sports Arena when it plays in the opener of the newly organized Thunderbolt League. This fast basketball circuit will be composed of the top flight teams in each of the former leagues which recently completed their schedules. The 322nd Tomcats finished in third place in the Fighter League last week.

Early in the season, the Tomcats lost one game to the 711th Training Group and another, a heartbreaker, to Headquarters Headquarters Squadron when the final gun ended a last half drive just two points short of victory. From then on, the Tomcats succeeded in winning the 112th Training Group 36-12; the 793rd T.S.S. 39-25; and the 36th T.S.S. 28-14. They then destroyed the ambitions of the 86th Aviation Squadron 46-16; the 111th T.S.S. 39-17; and the 76th Wing 55-4. Two more contests were Tomcat victories. The Redco fell before them with a 45-13, and the 75th Wing was completely routed by a total score of 38-7. The total Tomcat scores for ten games was 381 points. For the opposition, 157 points.

A new Tomcat will be wearing the blue and gold of the Thunderbolts when they next take the floor to play. Staff sergeant Al Vennesser, athletic champion from Monaca, a. High School quintet of the Western Pennsylvania Inter-scholastic League will be at one of the guards. Until Uncle Sam claimed him, he was a freshman star at Duquesne University. This 175 pound former high school, collegiate, and professional performer from the Pittsburgh district is scheduled to add yet another note of class to the 322nd Tomcats basketball.

Master sergeant Powloski, Post high scoring tilthead, will bark on another campaign destined to place the Tomcats surely and certainly in the League lead. Powloski is no other athlete from the Kovaleski Side, Scholastic Basketball in the Wilkesbarre, Pennsylvania area well remember the outstanding performances of this 191 pound athletic athlete from Warrior Run High School and his later performances for the semi-pro "Butlers". His uncanny ability to find the net is made short of sensational and source of his enthusiasm to the basketball crowds.

Mid-western basketball is represented by Sergeant Roy Steinbrook of the Carbondale, Illinois South State Teachers College, who were conference champions of the Illinois Intercollegiate Athletic Association. John's intricate ball handler broke into the play with the Eldorado Township High School of the Big Eleven Conference. While in the semi-finals of the Carbondale, Illinois, Sergeant Steinbrook's aggregation engaged the New York Menaca-sance Club, defeated the House of David, and outscored both the Elmore and the Johnsons and Oleas's Terrible Swedes.

Virginia Military Institute has contributed "General" Morris Haas to the line-up of stars studying the ranks of the Tomcats. The coolest and most consistent hardwood artist to be seen here this season, it is this big guard and former Dixie League professional that steadies the Tomcats attack and calls the play.

Another two hundred pounder from the South is Staff sergeant Gilbert "Wonder" Johnson. He hails from Martin Junior College of the Mississippi Valley League. This team, from Pulaski, Tennessee, won the national basketball title under the driving leadership of this unusual Tomcat. Lawrence County High School of Lawrenceburg, Tenn., also claims him as an all-around basketball star. While alternating plans for expanding this unit so keep your eyes open as we march by.

The 36th through the columns of "AIR-O-MECH" wishes to thank Lt. Col. Harrison M. Jones for the purchase of a \$1,000 War Bond and crediting his purchase to the 36th Squadron. His generosity along with the fine spirit of cooperation among our men has given us a big lead towards our final goal of \$5,000. Already we have more than half of the total expected and feel that by the end of the month we will have more than reached the goal.

The officers and men of the 36th extend their heartiest congratulations to General Johnson who was recently appointed as Engineering Cadet. Lots of luck and best wishes for your success and

your new endeavor. between the guard and center posts for this southern scholastic school, his fast breaking maneuvers counted for two titles in four years in the Tennessee circuit. He is an All-American and former Pittsburgh Panther. Lt. Edward A. Strahl, the Tobcat's famous coach, is scheduling daily practices for his emergency working, efficient quintet. New plays are in the making and new victories are ahead. Follow the Tomcats through to the Post Champions Title.

Physical Training Notes An outstanding undertaking of the 326th Fighter Group Physical Training Department has been the swimming program which has been held at the Community House in Goldboro. Designed to teach all men in the Group how to handle themselves in the water, under any emergency which may arise, this program has progressed since the first of the year without any accidents marring it. Oh yes— Tomorrow they are going to put water in the pool.

SGT. JOHN J. (Doc) O'DONNELL cent wrong? by saying this field is a no good such and such or words to that effect. What is wrong with the field, you are treated like all the rest, fair and square. Could it be it is your own self who gets in the line? Keep in mind that if the Army took every man's troubles to heart, we couldn't function as a mass. I have yet to see one man who has cracked under regulations set down by this post. Never judge anyone in life until you play the part. Don't be the first to break down a man's morale by your griping; be the first to pick it up. The best drilled soldier on the field is a detriment to himself and others if he is a chronic griper and morale.

Gripping acts in the same category as a decayed tooth. Until the cavity is filled, filled with a smile instead of a gripe or removed and replaced with a sensible attitude of forgetting that you are doing it by putting on a uniform, then your life as a soldier will be just one round of the blues, causing you to be looked upon as gloomy Gus, which should be tucked on to those so-called grippers. Try a smile instead of a gripe and give the other man a boost when his morale gets a bit down. There is enough grief in this world with out your addition.

a visitor soon. She's a brunettes of 25 years of age. Sergeant Leo Andrus is still unaffected by the Love Bug. Maybe it's because he is already married. Pfc. Joe Eas- lish of Message Center was heard computing the Railway Express Charge, per 100 pounds, on some large object. Maybe he's going to send for his gal. An Emergency Call was sent out to Sergeant R. C. Washburn, chief of the "Ma- control this Love-Bug epidemic be- larra" squad, to see if he couldn't fore it spread into the Ordery Room.

321st Squadron Chatter Few of the men lately, have been wishing for snow as fall were disappointed somewhat during the recent holidays because we had no "WHITE CHRIST- MAS". All is OK now as we were now have postman MASSA- CHUSETTES scattered through- out the 25-mile limit.
