SHAW UNIVERSITY BEGINS QUARTER-MILLION DOLLARS DRIVE

raised by Christians who believe all things possible. The great need of the world is the true religion of Jesus Christ. The world needs the "rising up" of people with a love of God in their heart, a cool head, to rescue the world from its present materialism and selfishness. Hence, education must be moral. Men cannot serve both God and man.

The leaders of Christian education must take their entire lives out of the category of charity and present them as investments in academic freedom and spiritual independence. There is something in independence which disturbs the minute within the individual. The spiritual resources of sacrifice must be completely explored. Then underprivileged people have the resources of Christian education, they will lose interest and respect for a life of ease.

The Negro only knew how his potential resources, moral, spiritual, mental, economic, he would do the greatest things for the world. The Negro is a good candidate for doing these very things. I like the Negro because he is not mad at anybody. The world needs somebody with an unambitious spirit and heart. The Negro is charitable—charity is based on character.

The Negro had a large part in building the South. He cleared the farms, built railroads, raised cotton, and helped to bring wealth to America. Who would have planted cotton, it was George W. Carver, and his scientific skill who combatted the boll weevil and brought into the South 60 to 80 million dollars a year. Institutions like Shaw will help the free nation morally. It has already made significant contributions to the country. It is bringing from the throne of God. With all earnestness of my soul I make this plea—put your feet into this thing and you will have a good report to make to saint Peter, or somebody up there.

Faculty Gift Members of the Shaw University faculty and staff have provided a surprising and successful climax to the dinner meeting launching the institution's "New Development Program" to raise \$250,000 for needed buildings.

As President Robert P. Daniel of Shaw was preparing to close the meeting, Dr. Nelson H. Harris, director of the university's Divisions of Education, rose to make an announcement.

Dr. Harris announced that 50 members of the faculty and staff had been "working quietly" and had subscribed \$5,755 to the campaign. He expressed belief that subscriptions of four other members, who had not yet been seen, would raise the matter would subscribe an additional \$500.

ANNUAL FUND RAISING APPEAL FOR THE NATIONAL FOUNDATION FOR INFANTILE PARALYSIS Launched in Cumberland Co. stances. As a result of the early hospitalization of all patients, the death rate during this epidemic is 3.4%, the lowest ever recorded during an epidemic of this disease.

One-half of all funds raised in our country will remain to be used to help local victims. There will be much follow-up care, because of the hundreds of victims stricken down this past summer alone. The other half of the funds raised will be sent to the Nat'l. Foundation for Infantile Paralysis, to be used to conduct research and to finance epidemics of the disease wherever in the nation they may appear. For example since our own epidemic began early last summer the National Foundation has sent to North Carolina at this date \$439,474.17. Everyone is asked to give to this worthy cause. Organizations, institutions, churches, schools, and individual contributions are solicited.

C. G. IRVING ADDRESSES LEGIONNAIRES AT GOLDSBORO Justice, Freedom and Democracy. "Charity" the book says, "begins at

home and spreads abroad. If the Legion, then, and by that I mean Negro and white, is going to exert itself in the expansion of the American economy of Life, it must rid itself of the tyrannical evils of taxation without representation and race discrimination.

"Negro Legionnaires must have a voice and a vote in the affairs of the organization. This voice and vote is not primarily to save the Negro, for under the adversities of slavery, Jim Crow, discrimination and political domination, the Negro, like the sheep grazing on short grass, has grown fat and is today the American outback against adversive influence. The Negro's right in the American Legion, as in every other American institution, must come to secure the perpetuation of race, lest by their own excesses they destroy themselves."

PLAN FOR NEGRO SCHOOLS ADOPTED BY BOARD Pupil allotments in both high and elementary schools, leveling of teachers' salaries of both races, common regulations for accreditation for elementary and high schools, and the same evaluation for high schools.

Bill For A. And T. College Appropriations Sanctioned

RALEIGH — A report by a subcommittee of the House of Representatives recommending an appropriation of \$147,000 for A. and T. College in Greensboro for the employment of five additional teachers was unanimously adopted by the Joint Agriculture Committee this morning.

Senator Lee Weather's, representing the subcommittee, pointed out that the trustees of the school desired to widen the scope of agricultural studies at the institution, and that at least five more teachers would be needed to carry on such an expansive program.

Dr. F. D. Bluford, president of A. and T. College, reminded the Joint Committee that more than 3,000 men had received training for the Army at this school, and that the State had pledged its support in providing Negro children of North Carolina an equal opportunity for higher learning.

The teachers needed and the salary recommended by the subcommittee: Vocational guidance, \$3,600; gardening and marketing, \$2,500; rural economics, \$2,500; animal husbandry, \$2,500; and agronomy, \$3,000.

Appropriations recommended by the Advisory Budget Committee do not include funds for the employment of these teachers.

Court Orders Inclusion In Closed Shops

SAN FRANCISCO, Calif. — The California Supreme Court ruled today, in a case involving the refusal of the American Federation of Labor-Bolshemakers' Union to accept Negroes as members, that "an arbitrarily closed or partially closed union is incompatible with a closed shop."

The Supreme Court affirmed a Marin County Superior Court injunction prohibiting Marinship Corporation, a Maritime Commission shipyard, from discharging Negroes because they would not join a Negro auxiliary formed by the Bolshemakers' Union.

The Day Is Comin'

BY ERIC HASS For Calvin's News Service

If I were a Negro worker, I would sit down right now and write three letters — one to my two Senators, and the Representative from my Congressional district. This is what I would say:

The Hon. Washington, D. C. Dear Sir: If the Congress of the United States passes so-called "national service" legislation, it will be guilty of an act of usurpation without parallel in American history. Just eighty amendments to its Constitution, the immediate purpose of which was to outlaw black slavery. But the Thirteenth Amendment was more than that. It was a guarantee of personal freedom to all men of all races. Only a few months ago the United States Supreme Court declared in the Florida peonage case that the unquestionable aim of that amendment "was not merely to end slavery but to maintain a system of completely free and voluntary labor."

"National service" is the opposite of "free and voluntary labor." It is forced labor. It is the labor system imposed by Nazi Germany. It is involuntary servitude, and involuntary servitude is expressly and explicitly forbidden by the Thirteenth Amendment.

"National service" would empower the State to force me to take any job it commanded me to take. Should I refuse, it could send me to jail. Should I run away, it could drag me back and punish me as if I were a runaway slave. It would deprive me of my right to strike, to demand better conditions. As a worker, I declare my uncompromising opposition to this Nazi-like and unconstitutional measure.

As a worker of the Negro race I will not be afraid to resist it, even more selflessly than I have resisted the "safeguards" supposedly designed to protect colored workers, would certainly be used to freeze the present patterns of racial discrimination for one thing, whoever would administer labor conscription — and it would probably be the draft board — would try to make the pill a little less bitter to the majority of white workers by "directing" Negroes into the arduous, menial, low-pay jobs. The power to conscript is the power of the sword.

NAACP Hold Regional Meeting

Cleveland, Ohio—A two-day regional meeting of the NAACP, held here January 20-21 by the NAACP. Delegates were present from Ohio and Western Pennsylvania. Discussion groups on minority groups action plan, war problems and branch programs were led by national officers including Ella J. Baker, director of branches; Edward Dudley, assistant secretary; and Donald Jones, assistant field secretary.

THE ROAD AHEAD

BY NOAH C. WALTER For Calvin's News Service

THE NEGRO MARCH TO FREEDOM HAS SOUTH WORRIED The "decent white people of our dear Southland are again worried about what they are going to do if THE NEGRO MARCH TO FREEDOM LEAVING FOR POINTS NORTH AND WEST. Well that is just too bad. The pity of it all is the Negro should have left the South in far greater numbers since 1940. Maybe it would be better if the South-landers would not be worried but doing some intelligent thinking about giving the Negro his rights equal to that enjoyed by all other Americans.

The greatest progress for improved white and Negro relations in the South have always been witnessed during periods of great migration of Negroes from the South. The white farm owners upon finding themselves without cheap Negro farm hands, immediately will call upon their fellow associates to find some plan to save them from going out of business. After all, you can not raise tobacco and cotton on mint juleps. The local white leaders of the community will call emergency conferences with local Negro leaders, requesting their cooperation. It is at this point where the Negro leaders will be brought to face the bare facts. The Negro Americans are entitled to the same treatment and that — GIVE THE NEGRO IN THE SOUTH HIS RIGHT TO LIVE AND WORK EQUAL TO THAT ENJOYED BY ALL OTHER AMERICANS.

There are, of course, some Negro leaders who fear that South-land white bigots will increase abuse and oppression against the Negro to discourage migration from the South. What is going to be, will just be, that is all. They did that after the Reconstruction Days. After World War I, however, 500,000 Negroes are now in New York City; 100,000 in Detroit; nearly 250,000 in Chicago and thousands in other cities where only a few hundred once made up the entire Negro population. The great Pharaoh tried to scare the children of Israel by abuse and oppression, but they finally escaped from Egypt to Freedom. The Negro March to Freedom from the South will bring bountiful gifts to all of America. We know all Negroes will not leave the South for many reasons.

THE NEGRO IN THE SOUTH HIS RIGHT TO LIVE AND WORK EQUAL TO THAT ENJOYED BY ALL OTHER AMERICANS. The immediate reaction of the white leaders of course is going to be that they are willing to do anything BRASONABLE but the Negro will not be "rescued" to that part of the USA where the U. S. Constitution is respected or Dixie because of necessity will be the first time enforce the U. S. Constitution protecting the Negro's rights equal to all other Americans.

\$100 Contributed To W. Wilkie Building

New York—A contribution of \$100 has been made toward the branch NAACP. A campaign is now in progress to raise an adequate sum of money to purchase and maintain a building honoring the late Mr. Wilkie which will serve as national headquarters for organizations fighting causes in which Mr. Wilkie was deeply interested. The national headquarters of the NAACP, which for 17 years have been at 89 Fifth Avenue, will be moved into the new building as soon as it is purchased and made ready for occupancy, perhaps in the late spring or summer.

The Freehold, New Jersey, branch of the NAACP was the first unit in the country to contribute to this building, sending in \$25 three days after the appeal was received.

Those who will be left behind will inherit a richer and fuller life. However, we must not be fooled. The white south must, we must change its customs toward the Negro, if they except any large portion of Negroes to remain in the South. We must not be satisfied with temporary "experiments." Negroes today are needed to load the ships and boats. They are needed at least for the duration of the war in the factories, mines and mills. Tomorrow is another day.

The white South must be made to understand that Negroes all over America want nothing short of what George Washington, Thomas Jefferson, Abraham Lincoln and Franklin D. Roosevelt have said all Americans are entitled to: A Free and Equal Opportunity for the Pursuit of Happiness.

Negroes do not have this today in the Southland. Thousands upon thousands of Negroes from the North and West are migrating to the South to fill the ranks of the Negro March to Freedom until Freedom is won for all Negroes NORTH, EAST, SOUTH AND WEST.

Alleged Burglar Apprehended In Norfolk

A search by police which began last May 21, about 3 o'clock in the "cent" arrest in Norfolk or Leah "Kinney" Carlee. 33-year-old man wanted in Raleigh on an alleged burglary charge here. He was returned to this city on Friday and is in jail awaiting trial. The man is charged with entering the home of Dr. Clarence E. Smith, at 327 Newbern Avenue last May 21, about 3 o'clock in the morning, by a screen. He left a vivid fingerprint on the window sill, which was positively identified by police as being his, and the indictment followed.

During the same day of the burglary, officers located Curlee at a local home unloading coal. When he saw them he fled, and eluded the police until his recent arrest.

Clara Coghill and Allene Vick were asleep in the room which Curlee entered. When the man turned on the light the two women were awakened and discovered Curlee standing in the room in the nude. Their screams caused him to flee, nothing was stolen. Curlee's police record includes a charge of indecent exposure.

When a horse recovers from an attack of infectious anemia, or swamp fever, the infection may remain for years after all symptoms of the disease have disappeared.

Pile Sufferers Urged To Avoid CONSTIPATION

Hot Water and Kraschen Salts Before Breakfast. No Forcing! No Straining!

Here's an amazingly effective way to maintain bowel control and obtain more gentle "easy" movements. Every morning for 5 days, 15 minutes before breakfast, drink a glass of hot water to which one teaspoonful of Kraschen Salts has been added. Kraschen Salts become soft, moist, easier to expel. No need to strain and thus risk painful rectal irritation. Usually within an hour waters are expelled smoothly and gently. Get Kraschen Salts at all drug stores.

THE VETERAN'S FRIEND

Q. How much time does a discharged veteran have to apply for his former job? A. Congress originally stated that a veteran must apply for his job in 60 days, but recent legislation has extended that period to 90 days.

Q. Can a disabled veteran obtain a Federal civil service job without examination? A. The President has signed an executive order permitting disabled veterans who have completed a training course to be appointed to civil service jobs "without regard to requirements of the civil service rules and the war service regulations."

Q. Does the GI Bill of Rights provide unemployment pay benefits to discharged servicemen? A. Yes. Information may be obtained at any U. S. Employment Service office.

Q. Are debts of servicemen subject to statutes of limitations? A. Yes. The period of service is not included in computing any period limited by law for the bringing of action to enforce collection.

Q. Can a guardian be appointed to receive compensation or pension for a disabled veteran? A. In the case of an "incompetent" veteran, monetary benefits are payable by the Veterans' Administration to a guardian or legal custodian.

Send questions with self-addressed, stamped envelope to The Veteran's Friend, Disabled American Veterans, 1423 E. McMillan St., Cincinnati 4, Ohio.
