CLINTON JURIST SANCTIONS MOB RULE IN SPEECH

Clinton, N. C. — Exhibiting an appalling disregard for the due and orderly processes of law which he is sworn to uphold, a presiding judge in the Sampson County Superior Court last week used his bench as a forum from which to advocate lynch law and mob violence.

In a lecture delivered before passing sentence upon two men accused of attempted rape, the judge, Henry L. Stevens of Warsaw, told the defendants that "somebody should have been there, (at the scene of the alleged crime) with a shotgun and filled your bellies full of lead."

According to persons who attended the trial the two men, F. Howard and Joe Isaac Tann, brothers, were accused of attempted criminal assault upon a white woman and her fifteen-year-old daughter. (Continued on back page)

CULTIST ROBBED OF \$29,000

EX-MAIL CARRIER STRICKEN

CHARLOTTEAN IS HELD IN ROBBERY OF BISHOP GRACE

Charlotte — Clarence Jones of Charlotte was arrested last week by local police and ordered held for investigation in the theft of cash, papers and jewelry valued at more than \$29,000 from Bishop C. M. (Daddy) Grace, head and organizer of the House of Prayer.

Police Chief Frank N. Little, John said that Jones had been ordered held when a ring and diamond-studded watch similar to ones stolen by Bishop Grace several weeks ago were found in his possession.

According to Bishop Grace, who is the leader of a religious group with churches and property holdings in more than a dozen cities from Philadelphia down through the South, the jewels and other property were stolen from him on October 10, during a stay at Concord.

The Bishop reported to Concord police that the thief gained entry to his church in Concord through a skylight and escaped with a briefcase which contained the cash, jewelry and papers.

The long-haired religious leader whose jewelry seldom fails to create a furore during his many public appearances, is reportedly worth more than a million dollars.

The ring which was in Jones' possession at the time of his apprehension is described as containing 32 diamonds and 10 emeralds. The watch is also reported to be studded with diamonds.

Jones was reported being held for the action of Concord police. Bishop Grace maintains his headquarters in Philadelphia, although he has churches in Baltimore, Washington, Richmond, Raleigh and Charlotte.

City Council Votes To Extend So. St. Bus Line

The local City Council has voted to extend the Cabarrus-South Street bus line three blocks south of Smithfield Street to Bragg Street to provide better bus service for residents of South Park. City Manager Roy S. Braden, announced Tuesday night.

The Carolina Power and Light Company had already agreed to extend the bus line which company officials report as one of the most profitable from the standpoint of total daily fares. Mr. Braden reported, and as soon as permission can be secured from State Utilities Commission officials during the next few days the line will be extended.

Retires After 35 Years

WILMINGTON — John W. Fisher, who served the Atlantic Coast Line Rail Road on the official car from March 1, 1913 to November 1, 1948, has retired from active service.

Mr. Fisher has won a large circle of friends among both races and is highly respected. He is a member of St. Luke A. M. E. Zion church, serving as chairman of the board of trustees.

THE WINNER'S SMILE — President Harry S. Truman shows what might well be called his "victory smile" after

upsetting the political dopsters to win re-election for a full term as President of the United States after one of the

most amazing campaigns, from the standpoint of distance traveled and outcome, in the nation's history.

Adair Named Community Hospital Administrator

New York (ANP) — Frank B. Adair, assistant executive director of Sydenham Hospital, has accepted the appointment of Administrator of the Community Hospital Wilmington, North Carolina. It was announced this week Mr. Adair came to Sydenham 3 years ago as administrative intern, receiving the first appointment of its kind granted a Negro in voluntary hospitals anywhere

in the United States. Subsequently, upon the resignation of S. L. Friedman, M. D., as executive director of the hospital, Mr. Adair was named acting executive director, pending the appointment of a medical administrator.

Mr. Adair, an alumnus of Morehouse College, did his post-graduate work at the Harvard University Graduate School of Business Administration. He is a member of the American Hospital Association, and holds certificates in Hospital Administration from the American College of Hospital Administrators and in hospital purchasing from the American Hospital Association.

He served as honorary vice-President of the Committee on Private Hospital of the New York Cancer Committee and is a member of the New York Harvard Business School Club. Before coming to New York he served as Business Manager of Dillard University and as Administrative Officer at Tuskegee Institute.

In accepting the new appointment, Mr. Adair said that he did so "with a great deal of reluctance, feeling as I do about Sydenham Hospital and the ideals which it has advanced. However, I accept the North Carolina appointment as both a challenge and an opportunity."

Frank B. Adair

HEART SEIZURE PROVES FATAL TO HUBERT TOWNES

Seldom has a death occasioned such genuine sorrow and regret among both races and all classes as that of Hubert Townes, whose sudden passing cast a gloom over the citizenry of Raleigh late Sunday afternoon.

Death found him where he wished to meet it — in service, in the performance of his duty: in defending the cause of peace and freedom. He submitted to the inevitable law and went peacefully to meet his Maker.

Mr. Townes was the youngest offspring of the late Mrs. Susan Ashe Townes and Silas Townes. He was a native of Raleigh, North Carolina. He attended the Raleigh Public Schools and Shaw University. On April 26, 1920 he was married to the former Miss Sophronia Crenshaw of Raleigh who survives.

Early in youth he was confirmed in the St. Ambrose Episcopal Church. At the time of his death he was a lay reader and chorister in his church. Throughout the years he demonstrated his Christian faith as a loyal, well-informed and active churchman, whose unusually clear mental processes and penetrating insights into human nature and Christian truth made him of inestimable value in all the councils of the church and in the other organizations with which he was identified.

There was something about him which suggested the rugged changelessness of the Christian faith, whether in church meeting or helping to steer the complicated business of the Charles T. Norwood Post of the American Legion in which he at one time held the office of Commander.

He was a veteran of World War No. I. He was recording secretary and state deputy in Fidelity Lodge No. 277 IBPOE of W. He was the second Exalted Ruler. (Continued on back page)

STRICKEN — Hubert E. Townes, outstanding Raleigh church and fraternal leader, who was fatally stricken with a heart attack Sunday afternoon. Mr. Townes retired recently after serving as a mail carrier in the city of Raleigh. He is a past commander of the Charles T. Norwood Post of the American Legion. (Story on this page.)

JAPS SEEN THREAT TO NEGRO WELFARE IN ILL. JOB MARKET

HONOLULU (ANP) — It all started when a local newspaper writer wrote "Chicago's Japanese population, which numbered less than 400 in the prewar years, now has reached a towering 20,000. And they are in the midst of metropolitan to stay."

Now this writer is being asked by local leaders just what bearing the tremendous growth of the Japanese population will have on the Negro in Chicago.

It is a known fact that the Japanese are good and steady workers. When they have a job to do, whether housecleaning, gardening or office work, they usually do the job well.

I have a Japanese girl working under my supervision at the place of my employment and she does better work than the Chinese Koreans and whites. There is also a Japanese maid who cleans my apartment — and I mean cleans! As for Chicago? I have been away four years and have not kept up with the economic trends since leaving the university.

KY IS ORDERED TO ACCEPT NEGROES IN TB HOSPITALS

FRANKFORT, Ky. (ANP) — Dr. A. M. Lyon, secretary of the state tuberculosis sanatoria commission, received word here last week from Asst. Atty. General N. B. Hollifield that Negroes must be accepted at each of the six state tuberculosis hospitals. Dr. Lyon had asked whether it would be legal to concentrate Negro patients in one building at Hazlewood sanatorium with Negro doctors and nurses.

Hollifield stated that the state laws specify equal facilities at each hospital for patients of each race in the hospital district. He said that while equal facilities must be provided, the law permits transfers of patients. He pointed out that Negroes might prefer to be in a building where they could be served by their own race, but said that in all questions as to transfers, "all doubts should be resolved in favor of the patient, regardless of race."

DROPPING OF DUAL SCHOOL SYSTEM IS CONSIDERED IN MD.

BALTIMORE (ANP) — One of the main problems said to be confronting the state legislature is that of preserving Maryland's bi-racial school system according to Delegate Lester Oumphrey here last week. Speaking before a meeting of the Prince Georges County Chamber of commerce, he said that the state faces "extremely heavy" expenditures if it is to retain the present system and at the same time comply with the supreme court ruling that states must provide equal school facilities for white and Negro students.

He said the legislative council has been studying the problem, but has found no solution. He also reported that he, as a member of the council, has considered consolidating the four major Negro colleges in the state under a single organization. Such an arrangement, he believed, would enable the schools to be improved to offer a more coordinating program.

DEWEY DEFEATED AS DEMOCRATS SWEEP ELECTION

By JOE SHEPARD
Demonstrating the old adage that a candidate is not elected until the votes are cast and counted, Mr. and Mrs. America went to the polls Tuesday to make Gov. Thomas E. Dewey and the Republican the victims of the greatest upset in American political history.

Early in the campaign and up to the final pre-election weekend even the staunchest supporters of President Truman and the Democratic party had felt that the race was lost to the President and that most that could be hoped for would be Democratic control of the Senate.

As returns began coming in early in the evening, however, it became clear that the voters were not behaving according to prediction and that the Republicans were not piling up their predicted lead.

Carrying Ticket
Later returns from eastern urban areas showed instead that the President was gaining and clinging stubbornly to a lead in the popular vote and in most cases, carrying his party ticket along with him.

At this point Republican supporters claimed that mid-Western and Western returns would build up in favor of their candidates. This failed to prove the case and Republican spokesmen as well as news and radio commentators began predicting that rural returns would diminish and overbalance the Democratic lead which had been picked up in the big cities.

Such Republican optimism persisted well beyond midnight and into early morning when political EXPERTS retreated far enough to state that the Republican victory would be a NARROW MARGIN instead of the predicted landslide.

Splinters Costly
The question of the effect of the SPLINTER PARTIES, the Progressives and the Dixiecrats upon the Truman chances had been discussed and re-discussed to the conclusion that they would prove costly for the Administration.

This was born out even before. (Continued on back page)

THE LOSER — Governor Thomas E. Dewey should be in position to claim the title of America's most disappointed man after losing a Presidential campaign where even his opponents said that it would be almost impossible for him to "snatch defeat from the jaws of victory."

Angier Youth Extends RA Enlistment In Japan

With the Eighth Army in Yokohama, Japan — Pfc. Royster Matthews, son of Mrs. Mary F. Matthews of Angier, N. C., recently extended his three year enlistment in the Regular Army to a period of five years.

Pfc. Matthews, who is serving with the United States Eighth Army in Battery B, 76th Anti-aircraft Artillery Automatic Weapons Battalion (Self-Propelled), enlisted in the Army in January, 1946, at Fort Bragg, N. C., and has been in Japan for 26 months. He is first cook in battery B.

Prior to enlisting in the Army he was employed by the Adam Hat factory of New York City.

Six H. U. Students Are Awarded Aid Under New Grant

Washington, D. C. — Six Howard University Medical School students have been awarded Jesse Smith-Noyes Foundation Scholarship Awards ranging in amounts from \$500.00 to \$1,000.00 to help defray the cost of receiving a medical education. It was regulated today by Dr. Joseph L. Johnson, Dean of the College of Medicine.

The recipients are as follows: Ambrose Clement, sophomore student from Cincinnati, Ohio, \$800.00; Lionel Desbordes, sophomore student from New Orleans, La., \$1,000.00; Miss Mavis Holness, sophomore student from Jamaica, British West Indies, \$500.00; Neville Achona, junior student from Trinidad, British West

Indies, \$550.00; Lloyd Jorsling, junior student of Trinidad, B.W.I., \$550.00; and Miss Pearl Romeo, senior student from Bronx, N. Y., \$600.00.

In the first year of operation of this new philanthropy the scholarship division of the Jesse Smith-Noyes Foundation became aware of the recently widely publicized deficits in health facilities available to the Negro, and aided a total of about fifteen students with substantial grants. These students are attending Yale, Rochester, Buffalo, Michigan, Howard and Meharry, the largest group at any one institution. The six students at Howard University. (Continued on back page)
