

come all ye faithful, joyful and triumphant...

Hear the voices of the choir sweet in songs praising His name.
Sing out your own devotion and joy, in the day on which He was born. For
Christmas sheds its brightness over all the land and warms
the hearts of all God's children. The spirit of brotherhood dwells
with us now, and will be our inspiration
to live in peaceful happiness in future years. Candle light and
holly bright; eyes moist in contemplation
of Christmases past and yet to come — fill our hearts with sentiment!
