

**FOURTH STRAIGHT WIN**—  
W. D. Pegram of Varina, Route 1, doesn't believe in doing things by halves, and as a result he was judged the winner in the Wake County corn growing contest for the fourth straight time.

Here he is shown receiving

the winner's check from B. W. Haig, chairman of the Raleigh Merchant's Bureau agricultural committee. Looking on is W. C. Davenport, Wake County farm agent.

## HOLY NAME GROUP NAMES OFFICERS

RALEIGH — The Holy Name Society of St. Monica's Church — a Confraternity of the Catholic Church whose primary purpose is to promote love, honor and respect for the Most Holy Name of Jesus — held their first meeting of the year last week and elected new officers. They are: President, Pope; Vice-President, Daniel Coleman; Vice-President, Albert Evans; Secretary, Jessie Pope; treasurer.

The Rev. Father John S. Dillon is the Spiritual Director of the Holy Name Society and at each meeting gives short talks to the members. The Society meets the second Friday of each month and this coming Friday Father will give a talk on "The Sermon on the Mount." The Society has a definite and adequate program for the year.

given by Mr. William Reid. At either end of the table was a lighted tall green candle. Both the living room and dining room were beautifully and artistically decorated with cut spring flowers. ## TAKE A LOOK AT YOUR INSIDES

Study the above drawing for a few minutes. Notice particularly how the bile flows from the liver into and out of the gall-bladder and thence into the small intestine where it mixes with the partly digested food just below the stomach. Bile is a necessary adjunct to proper digestion. Its absence from the intestines inevitably causes putrefaction and fermentation.

#### NATURE'S DANGER SIGNALS

When your stomach, liver, and gall bladder have been upset by improper eating or drinking, or when they are not working well because retained and putrefying food matter in your intestines is poisoning your entire body, your bile stops flowing freely and you, sooner or later, begin to feel some of the following symptoms:

Your breath may become unpleasant (halitosis), your tongue coated, a bad taste in your mouth, your coffee (and tobacco) lose their natural flavor, your food does not agree with you; you may have headache, heartburn, gas and dizzy spells, you may be troubled with belching; at night the gas in your bowels may press upon your bladder making you get up frequently, thus breaking into your sleep.

In the morning you are tired instead of refreshed. Gradually your health is impaired: you have constipation, gas, putrefaction and self-poisoning ("intestinal toxæmia" or "acute gastritis" as many doctors call it).

#### HOW TO GET RELIEF

You can relieve this condition, usually overnight, by taking Calotabs at bedtime and drinking water freely next day.

Calotabs are a thoroughly dependable laxative designed to effectively relieve symptoms of biliousness and acute gastritis due to constipation or faulty digestion, and to promote the flow of bile through the intestines.

Calotabs are pleasant to take (sugar coated), prompt and effective. Try them and see. Follow label directions. At your druggists'.

Demand the original Calotabs in the distinctive checker-board box. Accept no substitute.

Tests by doctors show that Johnson's BACK PLASTER helps nearly 9 out of 10 sufferers. It's made by Johnson & Johnson — known for fine surgical products for 61 years. At all drug stores.
