BILLIE HOLIDAY FIGHTS CHARGES ON WEST COAST

SAN FRANCISCO — Billie Holiday, who has really had her share of trouble since coming to the West Coast, is fighting to fight back. Her most every other source has done the talking. Her fight is toward vindication of some of the incidents charged against her. Her answer to Max West, San Francisco director of A. G. W. A., who notified her on her arrival here, that a claim had been made by Billy Reed's Corp. in Hollywood for the sum of \$10,000 damages for her failure to appear at the performance of the last night's engagement.

Miss Holiday immediately filed a counter claim for non-payment of the balance of her salary of \$800.00 for the week ending January 31st. She also forwarded a counter claim to Phil Foster, National Recording Secretary of AGVA, the union organized by the Pacific West regional director, Florence Hall, for the type of action given her on the 15th of the engagement.

Billie Holiday stated that she was not in San Francisco for the engagement. She stated that she was in Los Angeles to appear at Billy Reed's Corp. December 15th, but she signed the contract several weeks previous and having had no word from the AGVA for a quantity of time, she was not in San Francisco. In every state live some of the three million people who own the business-managed electric companies

And in cities and towns everywhere live another 72,000,000 indirect owners—probably including you. Much of the money you put into bank savings and life insurance premiums is put to work for you in electric company securities—some, perhaps, in your own electric light and power company.

Nearly everybody owns these companies that serve nearly everybody! What affects them affects you.
