

NAACP PARLEY GEARED TO FUTURE OF SOUTH

Group's 40-Year History is One Of Racial Gain

The forty-year history of the National Association for the Advancement of Colored People is one of service, of constant vigilance and of determined effort to do what its name implies, to improve the lot of the Negro in the United States.

On Lincoln's birthday, forty years ago, a group of white and Negro citizens met, and appalled at the injustices and inequalities to which Negroes were subjected, issued a call for a national conference for the renewal of the "struggle for civil and political liberty".

This marked the beginning of the NAACP. Fifty-three persons signed the original call which was answered by Americans from all parts of the country.

A DREAM REALIZED

The dream of the original signers for a "large and powerful body of citizens" to fight for equal rights has become a reality in a measure far greater than any of them could have envisioned.

On its fortieth anniversary, the NAACP is a nation wide mass organization with a membership of half a million Americans of every race, creed and color, representing one of the most potent forces of our generation in support of civil rights.

Its forty year record of championing the Negro's cause has contributed significantly to the progress of the race during the first half of this century.

Through its 1600 branches in 45 states, the District of Columbia and the Territory of Hawaii, the NAACP carries on the day to day struggle of the 14,000,000 Negroes for an equal share in the rights, privileges and responsibilities of American citizenship.

THE ANTI LYNCHING DRIVE

Striking contrasts in the status of Negro Americans today as compared with conditions forty years ago illustrate graphically the effectiveness of the Association's vigilance and its militant campaign for equality. Due in part, at least, to the NAACP's sustained drive for federal anti-lynching legislation, the annual number of deaths by mob violence has been drastically reduced from 100 at that time to two last year.

SEVEN FOUNDERS ARE NOW LIVING

The NAACP found cell, initiated by Mary White Ovington and written by Oswald Garrison Villard, grand of the very Boston Abolitionist, William Lloyd Garrison, was signed by 51 other educators, publicists, social workers and religious leaders.

Of the 53 founders, seven survive including in addition to Miss Ovington and Mr. Villard, Prof. John Dewey, Dr. W. E. B. DuBois, Dr. Hamilton Holt, the Rev. John Haynes Holmes and Rabbi Stephen S. Wise.

Serving the Association over the years as members of the Board of Directors, staff workers or leaders of local branches have been many outstanding Americans, both Negro and white. The board has always included in its membership some of the most impressive names in American life. Among these have been Moorfield Storey, the first president of the Association; his successors, the Springfield brothers, Joel E. and Arthur B.; Senator Arthur Cabot, Jane Addams, Charles Edward Russell, Mary B. Talbot, Bishop John Hurst, Julian D. Wall, Channing H. Tobias, Eleanor Roosevelt, A. Philip Randolph, Godfrey Lowell Cabot, Philip Murray, Rev. A. Clayton Powell, Sen. Ohio State Senator Harry E. LAWMAKERS LAUDED FOR JIMCROW BAN

New York — Hearty gratification at the unanimous passage by the Connecticut legislature of a bill prohibiting racial segregation in the state's National Guard was voiced today by Walter White, secretary of the National Association for the Advancement of Colored People. I hope that some of the northern senators who are supporting the Dixiecrats in this fight will heed the meaning of the bill: "The action of our Connecticut legislature is particularly heartening since it comes at a time when a stubborn group of reactionary legislators in this Congress of the United States is waging a violent war against President Truman's civil rights program.
