and when a business executive gets a quarter of a million for leading up a corporation. In other words, Mr. Lawrence explained under the American system each of us gets about what his fellow-citizens think he is worth. Mr. Lawrence made his remarks while discussing a statement by Sir Stafford Cripps, top economic planner of the Socialist British government, to the effect that in 1948 only 250 Englishmen "could boast incomes in excess" of \$20,000 a year, compared with 1,000 who had such incomes in 1939.

On Thursday, March 31 there will be a Citizens Mass Meeting at the St. Luke A.M.E. Church, of which the Reverend L. R. Deane is the pastor. All Citizens are invited to be present and on time (7:30 p. m.).

IT'S YOUR BUSINESS

When American fans bought enough fight tickets that Joe Louis received half a million dollars for one bout they did it because they thought it was worth the money to see the Brown Bear in action. Joseph Starg Lawrence pointed out in a recent issue of "Iron Age."

The same is equally true, Mr. Lawrence added, when Bun Crosby gets \$5000 for singing a song.
