Cattle are being groomed and fattened throughout the county for the cattle show which will be held in Rocky Mount on August 31. The 4-H boys and girls are being urged to prepare their livestock for the show.

BRONX NAACP PROTESTS FIRING OF OPERATORS

NEW YORK CITY (ANP) — The Bronx chapter of the NAACP has protested the discriminatory dismissal of six Negro addressograph operators and their replacement by six white addressograph operators in the district office of Veterans Administration here, it was announced today by the Federal Workers Union Local 26 CIO.

Pointing out the discriminatory character of the removal since the six Negroes were dismissed despite the fact that they were World War II veterans and had obtained civil service examination grades higher than those received by many of the employees who were retained in employment, the Bronx chapter called for immediate corrective action.

South African White Opposed To Ban On Mixed Marriages

CAPE TOWN, South Africa (ANP) — A bill to ban marriages between Europeans and non-Europeans, currently being debated before the house assembly here, brought outspoken and vigorous opposition from Capt. R. J. du Toit, white military police and United party member from Cape Flats.

Du Toit's opposition was based on the fact that legislation marriage is "most disgraceful, unchristian and unnecessary."

The bill briefly proves that from the date the law is put into force, no marriages between Europeans and non-Europeans may be solemnized, and any such marriage solemnized will be declared void. Persons guilty of violating the act are liable to penalties prescribed by law for perjury.

OPPOSED

Speaking his views on the matter, Du Toit said, "I am utterly opposed to mixed marriage; but opposed as I am to mixed marriages, I am more opposed to any attempt, particularly in a country like South Africa, to legislate against them."

He cited the difficulties in determining the race of some persons who are seeking to marry, and also pointed out that the voiding of mixed marriages could cause a state of affairs where children of the marriage are bastardized in the eyes of the law.

"Owing to the certainty of color turning up at intervals in families where there is mixed ancestry, this problem will always be before us," he said. "Legislation by attempting to crystallize a thing that is variable by nature, offers no solution but leads to further confusion."

BAPTISTS PLAN INTERRACIAL REVIVALS

NASHVILLE, Tenn. (ANP) — Action by the National Baptist Convention, U. S. A. Inc., was begun last week on the planned nationwide simultaneous revival meetings of Negro and white Baptists to be held in 1950 and 1951.

This joint program has been endorsed by the National Baptist Convention, Inc., and the Southern Baptist Convention. First revival sessions are to be held in states west of the Mississippi River April 9-23, 1950, and in states east of the Mississippi, March 25-April 9, 1951.

During the western revival the Baptists expect to use ministers and evangelists from the east, and the east is expected to reverse the process the following year.

E. W. Perry, director general of the program for the National Baptists, has issued his first call for organization of the programs on local levels.

FLA. NEGROES GET BREAK IN NEW STADIUM

MIAMI, Fla. — For the first time in ages a new arena in the South will cater to Negro fans when the new Miami stadium opens here August 31. This new stadium, seating 14,000 fans will provide 256 box seats, 1,000 grandstand and 2,000 bleacher seats for Negro spectators.

Another advantage of it will be that toilet facilities, refreshment stands, fountains, and other services provided colored patrons will be identical to that provided whites.

This arena will be the home grounds for the Miami Sox of the Florida International League, as well as the center for feature boxing bouts and other sports activities.

A working press for Negro news-men has been provided in the first row right behind the visiting team's dugout off first base. Box seats for Negroes will be in this section, also.

Among the other features connected with this part will be the formation of a Jackie Robinson Knot Hole Club for the young fans.

Although the races will be segregated in the stadium, it is considered an advance over the past policy of most parks in the south. Most of the white teams have little or no Negro following because of the treatment accorded colored spectators. Sports writers of several colored journals have praised the attitude being demonstrated by the owners of Miami stadium.

Finals when she won a match she was supposed to lose. She defeated Mrs. Philomena Coates 8-6, 6-6, 6-4 in a match considered to be the toughest of her career. After this victory, she said:

"It wasn't supposed to be that way. I still don't know what happened in that second set."

In the finals she defeated Mrs. Mary Lawrence 6-4, 6-3.

PARK BIAS ILLEGAL

SAYS PROBE REPORT

ST. LOUIS (ANP) — Segregation in parks and other municipally operated public facilities is a "violation of civil rights and contrary to law," according to a 46-page report handed Mayor Joseph M. Durst here last week by the Mayor's Council on Human Relations.

The report was compiled by Geo. Schermer, director of the Detroit Mayor's Interracial committee, who was investigating an outbreak of race violence at a local swimming pool last June 21.

Schermer, brought here by the local council, reviewed in his report the history of race relations, tensions and attitudes in St. Louis for nearly half a century, and observed that citizens "have no real knowledge of the problem in race relations although a great majority are decent and law-abiding and wish to see justice and fair treatment prevail."

Immediate blame for the park disturbances was laid upon "a loosely-organized gang of older boys and men" but Schermer cautioned that all the attacks upon Negroes by whites were not the work of this gang.

Actually, the responsibility for the incident and the dilemma which St. Louis now faces lies at the door of many, many people — public officials, civic, religious business and labor leaders, not because of what they did, but because of what they failed to do.

"More than anywhere else, the responsibility for the tension and misunderstanding must be placed at the door of Missouri's segregated school system."
