## BARNHILL-GORDON RITES HELD IN VA.

David Arlington Barnhill and Miss Norma Gordon of Petersburg, Va., were married recently at the home of Mr. Barnhill's parents due to the recent illness of his mother, Mrs. Julia Barnhill.

The parlor was beautifully decorated with white roses, ferns and white bridal favors. The altar was done in white and flanked with tiers of toppers and huge baskets of flowers.

Miss Barbara Lou Barnhill, sister of the groom, and Willie J. Hester lighted the candles to an organ prelude played by Arthur Lee Norcott. Miss Barnhill and Miss Barbara Morris sang "At Dawning."

The bride, dressed in midnight blue satin with a white prayer book covered with a shower of white roses, entered on the arm of her step-father, Robert Parham.

Miss Mildred Jordan of Petersburg, Va., attended the bride, and Roscoe Norfleet was the best man. The double ring ceremony was read very simply and impressively by the Rev. James A. Norrio, Jr.

Both mothers were dressed in street length gowns with shoulder corsages. Out of town guests were Mr. and Mrs. Robert Parham, parents of the bride; Mrs. Mary Gordon, grandmother of the bride; Mr. and Mrs. Herman Holley, Mr. and Mrs. Leonard Cooper, both of Greensboro.

Arthur Lee Norcott played

throughout the entire ceremony that was witnessed by many of Mr. Barnhill's co-workers and family friends.

The newly-weds spent the week end in Petersburg, Va., returning to Greenville, where they are now making their home, and Mr. Barnhill teaches at the Veteran's School.

Eighty-five enthusiastic 4-H club members and 4-H leaders at the first 4-H County Council meeting for the year made it the most exciting meeting of the year.

Margie Ree Gay of Farmville 4-H Club and president of the 4-H County Council presided over the meeting.

For the opening song the group chose "The Four-H Firelight." The Lord's Prayer was then repeated followed by the 4-H club pledge and motto.

At this point officers for the 4-H Council for the new year were elected. Margie Ree Gay was again elected to serve as president for another year. This marks her first year as president of the 4-H County Council. However, the group felt that because of the honors that Margie Ree Gay has received and recognition she has brought to the county that is having the most outstanding 4-H girls re-elected in the state that she should be given this honor. Also this is her senior year in high school.

Other officers elected were: Clifton Grimes, vice president; Mildred White, secretary; Lucille Taylor, assistant secretary; Dorothy D. Gay, treasurer; Ann Johnson, song leader; Mary Collins, song leader.

## PICKETS SMASH CAFE'S BIASED HIRING POLICY

BOSTON (ANP) — A determined line of pickets composed of both Negro and white youths last week smashed conclusively the Jim Crow hiring policy of Handy's grill, a cafe catering to 95 per cent Negro business. Mobilized by the Labor Youth League, the pickets marched only one night before the cafe's management reversed its policy.

One day earlier the manager of the cafe had stubbornly told a delegation that he refused to hire Negro waitresses or bartenders. The single picket line slashed the cafe's business to zero and forced Joseph Bailey, the president of the firm operating the cafe, to sign a written agreement to hire Negro help. Immediately two colored waitresses were added to the payroll. It has been announced that as vacancies occur, at least two more Negro waitresses and two Negro union bartenders will be hired.

## LOGAN PRESSES FOR U. S. AID TO AFRICA

WASHINGTON — Testifying before the House Foreign Affairs Committee on President Truman's Point IV program, Dr. Raymond Logan, NAACP consultant on UN and Colonial Affairs, urged inclusion of Africa and the West Indies in this program and called the need for the protection of labor as well as of capital.

In his appearance before the committee on October 5, Dr. Logan asserted that whereas a half billion Asians had achieved national independence as a consequence of World War II, not a single African or West Indian colony had gained political freedom. This fact, Dr. Logan pointed out, would certainly not be overlooked by Communist propagandists in their appeal for the support of dependent peoples.

NO LABOR AID

The NAACP consultant stated that a great deal had been said before this committee about the protection of capital, but that he had not heard "this morning at any rate one word about the protection of labor. If trade agreements provide for the protection of capital, patents and copyrights," he added, "surely then they can also provide for the protection of labor."

Discussion among the committee members following Dr. Logan's testimony indicated interest in his proposal for extension of aid to Africa and the West Indies.

Under Point IV, which was first proposed by President Truman in his Inaugural Address, the United States, the United Nations and other highly industrial nations would provide technical assistance and encourage private investments in underdeveloped areas with a view to raising the standards of living in those territories.

Milk cows on North Carolina farms produced an estimated 150 million pounds of milk during August.
