

NELSON SPEECH TO HIGHLIGHT WEEK PROGRAM

DURHAM (Staff Correspondence) — Dr. William Stuart Nelson, former president of Shaw University and now vice president of Howard University, will conclude Achievement Week celebrations here with an address at 3:30 Sunday in Duke Auditorium at North Carolina College.

Dr. Nelson's visit to Durham is under the auspices of the Tau Phi and Beta Phi Chapters of the Omega Psi Phi Fraternity, sponsors of the annual Achievement Week observance.

The theme for this year's celebration "Fair and Effective Employment: The Economic Objective of a Racial Minority" has been discussed throughout the week here by undergraduate and graduate members of the fraternity at the college, in county schools in Durham, Granville, and Chatham counties, and over Durham radio stations.

Durham ABC Radio WDUK made available their daily 5:30-5:45 periods for Durham Omegas. On Thursday, the fraternity presented two programs, the daily fifteen minute period, and a half hour forum discussion from 9 to 9:30.

Participating in the celebration for the Durham chapters were Charles A. Roy, R. A. Harris, J. S. James, A. L. Rose, G. W. Cox, John H. Wheeler, I. G. Newton, and others.

Attendees shown are Misses Bernice Jevner and Barbara Wilson.

Some 24,000 received training in home nursing and first aid, 25,000 had medical, health examinations, and 60,000 earned on special health activities. Recreation projects were conducted by 22,000 and 100,000 demonstrated improved farm and home practices to their neighbors and other interested persons in their home communities.

PRESS GAG DROPPED

KINGSTON, Jamaica (ANP) — The controversial press bill, proposed recently by the Jamaican government aimed at guarding official secrets, was withdrawn here last Wednesday because of "strong public criticism."

The bill, labelled by newspapers as a "gag" on the press, entitled a "law to protect from disclosure certain confidential documents and information."

Said to have been modelled on the British official secrets act, it provided "severe" penalties for publication or "possession" without lawful excuse of any confidential information.

According to Frank Pixley, minister for social services, further consideration would be given to some provisions of the measure.

U. OF WISCONSIN FORUM HEARS L. U. PROFESSOR

Lincoln University, Pa. — Dr. John A. Davis, Professor of Political Science at Lincoln University, Pa., participated in the Symposium on Labor and Security Legislation held at the University of Wisconsin, Nov. 4 and 5. He led a discussion on Fair Employment Practices in the U. S. A.

Dr. Davis is widely known in political and economic circles for his outstanding efforts in behalf of the Fair Employment legislation. Last year he appeared before the House Committee on Labor and Education. His most recent appearance was a radio broadcast over station

KTYL, Phoenix, Arizona, on the NAACP program. Dr. Davis, a member of Phi Beta Kappa, holds degrees from Williams College, the University of Wisconsin, and Columbia.

Among the speakers were U. S. Senator Paul Douglas, former Secretary of Labor Frances Perkins, and John A. Fitch, long a member of the Executive Council of the American Association for Labor Legislation. In addition to the round table on Fair Employment Practices, led by Dr. Davis, others were conducted on unemployment insurance, state responsibility for wages and hours, and health insurance.

"It hurt, and I was also humiliated," — N. Y. Model Robin Roberts, sent sprawling on floor in cage scene with Movie Actor Humphrey Bogart.

To develop the farm market for appliances, advertisers paid \$1.5-2 million more for space in farm magazines in the first half of 1949 than in 1948.

"The trend toward a welfare state will end whenever more than half the voters are required to pay for benefits they themselves do not get." — Economist Paul E. Belcher. "It's been a wonderful life—travel and fun." — Jailed woman pickpocket, 73, claiming she stole half million in 40 years.

"Old at 40, 50, 60?" — Man, You're Crazy. Forget your age! The new age factor is 16. Try fighting it with Lescage's Cream for Men, which keeps the skin in boy's look of youth. 4-H CLUBS OBSERVE ACHIEVEMENT WEEK

Nearly two millions 4-H Club members throughout the United States are joining in observance of National 4-H Achievement Week, Nov. 5-12, according to Mary Sue Moser, assistant 4-H Club leader of the State College Extension Service.

Members of 82,000 local clubs, assisted by 225,000 volunteer adult leaders, have completed a record number of projects during 1949, and their overall accomplishments have topped those of any previous year, Miss Moser said.

The club members are observing Achievement Week by holding special meetings, presenting programs before civic, business, and farm groups, and displaying exhibits of 4-H Club work. Banquets or other special events are being held in

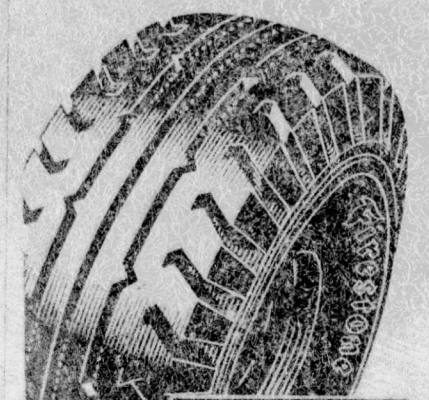

many counties. In their food projects, 4-H members this year have produced 104,000 acres of garden products, 696,000 acres of food crops, 850,000 head of livestock, and 8,000,000 chickens and turkeys. They canned 27,000,000 quarts of edible products and brined, dried, stored, and froze several million pounds more.

Club boys and girls planned, prepared, and served an estimated 50,000,000 meals. Improved 250,000 rooms, made 300,000 gifts and gifts articles, inspected the grounds of 120,000 homes, and made 2,200,000 repairs. Half a million participated in fire and accident prevention, 350,000 conducted soil and wildlife conservation practices, and 10,000 worked on forestry activities.

REIGNS AT WHS HOME-COMING

WASHINGTON High School's homecoming queen is shown being crowned by Ellis Jones, captain of the WHS Little Blues, during halftime as the Blues met the E. L. Smith High School Gridders to Friday night.

Attendees shown are Misses Bernice Jevner and Barbara Wilson.

A New Industry FOR CAROLINA

WHERE WILL I PUT IT?

Put it where you please! Chances are, there'll be plenty of dependable electric power ready and waiting. We don't have to guess about the black shaded areas of the two states—they're the areas served by Carolina Power & Light Company, and there's plenty of electric power ready and waiting anywhere in those areas.

We met the pyramiding demands during the war—we've met all demands made in our service area since the war—and we intend to keep on meeting demands in the future.

THERE HAS NEVER BEEN A POWER SHORTAGE IN THE TERRITORY SERVED BY OUR COMPANY.

WE EXPECT TO MAINTAIN THIS RECORD
