### Bennett Fetes 249 Students At Dinner

GREENSBORO — Some 249 members of the Bennett College family whose birthdays occur in March, April, May, June, July and August, were honored Friday night at the final birthday dinner of the school year. The dinner was sponsored by the Science Seminar, Miss Barbara Hodges, president of Parkton, and the guest were presented by Dr. Willie B. Player, vice president of the college. A feature of the program was dance performed by Misses Jean Renwick, Consuela Waskin and Grace Coleman. Music was provided by the Sophomore Motet. Here's a nice idea in home bathroom equipment—a new lavatory that has a hot-and-cold water mixing spout, plus a flow of water from beneath the rim of the bowl every time a faucet is turned on. This automatically gives the basin a good rinse each time it's used. A rinse isn't the same as a good scrub, of course, so if you install one of these new type lavatories don't forget that it takes soap as well as water to keep it clean!
