"TEACHER OF THE YEAR"-Mrs. Lucile J. Smith, a native of Raleigh, has been selected as "Teacher of The Year" by the Warren County Teachers Association. Warrenton, Georgia. This is an annual event throughout the state. The Teacher is selected on the basis of: leadership ability in the school and the community, personal dignity and integrity, pleasing and wellrounded personality, professional background, democratic classroom practices, fair and consistency in dealing with pupils, respeet and affection of pupils with whom she works, and participation in professional, civic and religious organizations. Mrs. Smith was featured recently at a "This Is Your Life" Banquet sponsored by the Teachers' Association. Mrs. Smith is a graduate of the public schools of Raleigh and of St. Augustine's College, a member of Rush Memorial A. M. E. Z. Church. She has done graduate work at N. V. U. and at North Carolina College at Dur-Ham.

Are you boking for sew summer dessert

best-tasting desseris I know are those made with Carnatice Evaporated Milk ...the milk that whips! For instance, better-blending Carnation gives you rich, creamy pies, that take only minutes to make, at one-third the cost of expensive cream. Here's one the whole family will enjoy. Tall glasses of iced cof-"creamed" with Carnation, fee. makes it a real warm weather treat.

APRICOT CRUNCH PIE (Makes 1 9-inch pie)

Crumb Crust:

2 tablespoons sugar 3 cups crushed comflakes 1/2 cup melted butter

Mix corntlakes and sugar with melted butter. Line bottom and sides of 9-inch pie plate with mixture. Reserve ¼ cup for topping. Chill thoroughly

Pie Filling:

I cup undiluted CARMATION EVAPORATED MILK 1 1/2 cups apricot pulp 1/2 cup sugar

2 tablespoons lemon juice

Chill Carnation in refrigerator tray until soft crystals form around edges of tray. Whip un-"il stiff. Add lemon juice and whip very stiff. Fold in apricot pulp and sugar. Place in crumb crust. Top with remaining crumbs and freeze 2-3 hours.

About 62 per cent of North Caroina's cotton crop was classified under the Smith-Doxey program in 1956-57. In 1955-56 there were 417 billion

cigarettes manufactured in the U.

For a good stand of corn in North Carolina the minimum amount of nitrogen to apply is about 100 pounds per acre.

Crops under acreage control include corn, peanuts, tobacco, cotton, and wheat.

Egg production in the United States in 1956 totaled 5,087 million dozen - - 3 per cent more than the 1955 record output.
