Open Daily and Sundays. LOOK FOR NAME AND HAND SIGN

Open Sundays -- Seven Days a week-9:00 A.M. to 16:00 P.M.

Have your cake and eat it too!

L he old saying. "You can't have your cake and eat it too," doesn't apply to the modern tanner who practices soil and water conservation. Through soil and water conservation you can get top production from the cropland NOW and pass that land on to your children in even better condition than it is at present.

To encourage soil and water conservation practices in this area. Carolina Power & Light Co. sponsors annually a "Finer Farms" program. Administered by Soil Conservation District Supervisors, the contest is open to community groups in 63 Carolina counties. As an incentive, CP&L offers \$2,900.00 icash prizes to the community groups which do the best job of getting soil and water conservation practices applied to the land. Twenty four resal communities will win cash awards ranging from \$330.00 to \$\$0.00.

For further details see your local Soil Conservation District Supervision
