Wake Baptist

APEX — On the first Sunday May the 5th, services were held at Mt. Zion Baptist Church in commemoration of Memorial and Mother's Day. The cemetery had been previously cleaned for this occasion and on Sunday it was decorated with beautiful flowers and wreaths of various kinds. There were also many pretty flowers carried inside of the church for decoration during the service. When the congregation assembled on the inside it was beautiful there also, with the majority of people wearing the red and white flowers in honor and memory of Mother.

The regular service began soon following Sunday School after allowing the people some time to finish with decorating the cemetery. The pastor, the Rev. T. R. Cole was in charge of the service. Opened with singing "Is Thy Heart Right with God". Scripture reading, the 20th Chapter of the book of Revelation. Prayer offered by the Rev. M. J. Stewart of Sanford, N. C.

Singing, "The Day is Dying in the West", missionary collection, followed with a prayer of thanksgiving by the pastor, followed with singing "Sweet Hour of Prayer".

The pastor after making introductory remarks and announcements, selected as his topic—"Pattern of the little Pattern of the Christian Life." He chose as his text—"Let the mind be in you that was in Christ Jesus", Philippians 1 chapter, 27th verse. During this sermon he stated that there is a plan by which things must be done, and that the mind of Jesus is the pattern by which the life must be lived. Jesus was humble, went with humble people, was abused, but had a strong compassion upon others and from the bottom to the top of the mind of Christ was and is love. The mind of Jesus Christ worked under the influence of His Heavenly Father, and he ended by saying that "if we have the mind of Christ we have Him". The sermon seemed to be enjoyed by all. We were very proud of the number of visitors present, also of the return to the church of Mrs. Cole, the pastor's wife, who had been in a very serious accident. We felt thankful to have her with us again.

CHURCH ACTIVITIES

LOUISBURG — Service at the Mitchell Chapel Baptist Church began Sunday morning at 10 o'clock with church school. The superintendent, Mrs. Wilma Rodwell was in charge. Subject of the lesson, "Abraham and His World". The lesson was very beautifully reviewed by the pastor, Rev. E. L. Brodie.

Worship service began at 11:30 o'clock. The pastor delivered a most powerful and soul-stirring sermon. His subject was "Victory over Circumstances." Text found in Revelations: 19-10. Highlights in his sermon: Religion is not a passport for trouble, but if you are a child of God when you have trouble, you will have a friend to walk with you. If you are a child of God, trouble will not pull you down, but instead you will have joy, a smile and courage. When circumstances are bad God will give you victory in spite of all the trouble Job was a man of God, yet he had many troubles, but he still trusted in God. Job said: Though he slay me, yet will I trust in Him. If you do right, you will get in trouble but God will bring you out. John got in trouble when he preached the word of God.

He was put on the list of patriots to die. But he did not die. God can make a way out of no way. While out there John said: I was in the Spirit on the Lord's Day. God will talk with you when you are in the Spirit. He will reveal things to you, he will give you the assurance that you are a child of God.

Turn your battles over to God and he will fight them for you. He will give you everlasting victory. He made John see this on the Isle of Patmos. John wrote and the Spirit dictated to him. Victory songs will be sung in that last day. John heard a voice. The voice gave him victory, his courage was renewed, and his hopes revived. Heaven is worth working for, God will give you victory.

WARNER LOOKS 'EM OVER

BY LEROY WARNER

OUR HATS OFF TO PRINCIPAL W. L. MORELAND

CHARLOTTE — On last Friday we had a very pleasant visit to the Marie Davis School of which Mr. Howard Moreland is principal. This school is located in South Charlotte and is one of the most beautiful schools in the Queen City. Matter of fact it is one of the most beautiful schools in the state.

In talking with Mr. Moreland, we learned that he and his faculty are just about to complete five years at this school. We then asked the able principal to give us some figures on the growth of the enrollment for the past five years. With a big smile the principal said as he pulled out his file that this enrollment has grown from 326 students to 789 students. The only thing we could do after hearing such a wonderful report was to say congratulations to Mr. Moreland.

We then approached Mr. Moreland about the teaching staff. He said that after the second year a wing was added to the school along with six classrooms. He went on to say that the teaching staff jumped from 11 to 28.

The P. T. A. has been very active, he said. Mr. Moreland said that it has installed an intercommunications system, purchased an electric water fountain and furnished a teachers' lounge. Aside from doing these things, Mr. Moreland added that each year the association buys flowers for the front lawn and sponsors several interesting and enjoyable activities.

Mr. Moreland said that children's health has been above average under the watchful eye of Mrs. Julia Harshaw.

He also stated that the cafeteria has made profits under the management of Mrs. Emma Spann. Children said that many of his children had never attended school on a full-day schedule.

Mr. Moreland praised his maintenance head, Mr. William Elmore, along with his staff. He said that this department had received very high praise from many visitors over the past five years.

He stated that during the past five years there has been no breaking or any form of vandalism. We believe, he said, that the bitter feeling some youngsters hold against a school has been absent from the minds of our pupils.

Mr. Moreland said that the relationship with the various departments in the system and the public in general has been indeed cordial. He said that several hundred visitors from all sections of the country has signed their guest book. Moreland said that they have had visitors from Mexico, Sweden, France, and England. He said all were highly impressed with the Marie Davis School.

There will be another new wing added to the school this summer, Moreland said. This wing will have six classrooms, and will relieve the crowded conditions.

Mr. Moreland went on to say that the Board of Education has been very generous in providing for the needs of our children.

We then asked Mr. Moreland, how he felt about the overcrowded situation at his school. Mr. Moreland began by saying that he realized that overcrowding is a problem in scope and an acute problem in some cities. We believe, he said, that time and a determined educational program will eventually eliminate it. "We have not and we do not intend to waste time until the ideal situation has been achieved, but we are using, to the best of our knowledge, what we have in equipping our children with the necessary tools for active citizenship in the city, which, because of its location, is destined to set the future pattern of the South," he said.

Mr. Moreland, who resides at 2214 Celia Ave., in the Middleville section of the city, is married to the former Miss Gladys Ford, and they have two children, Howard Moreland, Jr., who is employed by the U. S. Post Office and Mrs. Alma Grace Molley, who is at present employed at the Alexander St. School. They are members of the Grace A. M. E. Zion Church of which the Rev. Mr. Churchhill is pastor.

Mr. Moreland is a product of Livingston College. Salisbury, where he received his A. B. degree. He also received his master's degree at Columbia University. Before coming to the Marie Davis School as the first and only principal Mr. Moreland taught for 21 years at Second Ward High School.
