

Old North State Medics Take Firm Stand Against Scientific Membership In NCMS

GREENSBORO—The Old North State Medical Society, last week, took a firm stand against the offer of "scientific" membership made to its members by the previously all-white North Carolina Medical Society.

The group adopted in full a report by Dr. Murray B. Davis, chairman of the Executive Committee, which condemned the offer of restricted membership as "second class" and not in keeping with the ideals of its colleagues.

Earlier in the session, following an open discussion, two of its members were censured by the group. Dr. J. M. Walker, Jr., and Dr. Joseph G. Gordon, were censured for having applied and accepted the scientific membership in both the Forsyth County Medical Society and the North Carolina Medical Society.

It was the first time that the Old North State Medical Society has taken such an action against its own members in its long history.

The question of censure was raised by Dr. W. T. Armstrong of Rocky Mount, N. C., secretary-treasurer of the Association.

"All members should abide by the recommendation of the executive committee," he told the group. Earlier this year, the committee had requested by letter that all members of the Old North State Medical Society refuse any invitation to become members of the Medical Society of North Carolina.

"The so-called Scientific Membership is purely a second class type of membership and acceptance of same is a mark of second class physician," members had been told.

"It should be made public that they did not follow our recommendation," Dr. Armstrong said.

Dr. Hubert Eaton of Wilmington introduced a resolution asking that the "resolution committee draw up a resolution of censure against our two colleagues from Winston-Salem for the step they have taken."

The motion passed with just one dissenting vote.

Dr. (W. T.) Armstrong was cited as "Doctor of the Year," also at the opening session. He was presented a handsome plaque, appropriately inscribed, for his "outstanding service to the Old North State Medical Society and to the medical profession." The plaque was presented him by Dr. J. S. Simmons, Sanford, a former president and current chairman of the awards committee. Dr. Armstrong, a graduate of Shaw University in 1923, coached football at that institution through 1932. He returned to school to study for two years and took over the helm as head coach and athletic director at Fayetteville State Teachers College in 1944 and has practiced in his hometown, Rocky Mount, since 1945. He has served the State Medical group for two years each as member of the executive committee, editor of The Journal and secretary-treasurer.

President elect, named to take office next June, will be Dr. W. C. Shanks of Burlington. Other officers named are W. M. Wynn of Greensboro, first vice president; Dr. E. R. Rann of Charlotte, second vice president; Dr. S. J. Cochran, Weldon, recording secretary; Dr. W. T. Armstrong, Rocky Mount, secretary-treasurer.

Science Shrinks Piles New Way Without Surgery

NEW YORK, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by doctors' observations.

Pain was relieved promptly. And, while getting relief, pain, actual reduction or retraction (shrinking) took place.

And most amazing of all—this improvement was maintained in cases where doctors' observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne)—the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in proprietary or patented form called Preparation H* Ask for individually sealed convenient Preparation H suppositories or Preparation H ointment with special applicator. Preparation H is sold at all drug stores. Satisfaction guaranteed or money refunded.

Red Official Leaves As A Russian Song Gets Jazzed

MOSCOW (ANP)—A jazzed-up rendition of an old Russian song last week here caused a high-ranking Soviet official to walk out of a jazz concert conducted by a visiting Italian orchestra.

Soviet minister of culture N. A. Mikhalov took leave of the concert when Italian orchestra leader Nello Sogur played a jazz version of the Russian song "Ochi Chernye" ("Dark Eyes").

The Russian dignitary left amidst loud applauding by a group of youths sitting in a front row.

Mikhalov earlier had attacked jazz as not being socialist realism. He said socialist realism was the only acceptable form of music in Russia.
