MONTGOMERY, Ala. (AP)—The entire Bullock County Draft Board here was fired last week by the National Director of Selective Service in Washington following its failure to call inductees into military service because it protested the draft deferment of Fred D. Gray, part-time minister and active attorney in this city's recent Negro bus boycott.

Reports in the matter came from L. K. Andrews, a former member of the board, who announced that the board had been discharged several weeks ago. Confirmation of the board's dismissal came from Gen. Lewis B. Hershey, selective service director in Washington. Protests stemming from the board because Gray was deferred from military induction reportedly caused the board to refuse calling in inductees for the past nine months. Gray was active in legal actions in the successful bus boycott here staged by 50,000 Negroes.

The controversy centered around Gray's deferment by Hershey after it was discovered he was a part-time minister. Immediate protests rang out from several draft boards in this state and many members of the boards resigned their jobs. Then the Bullock board set up a classification list called "FG" including Fred Gray, and refused to induct any more men into the service until Gray was called.

Hershey suspended the board.

May Boycott Merchants In Tuskegee

TUSKEGEE, Ala. (AP)—A wholesale boycott of stores in this city was called for last week here by a Negro civic leader after the Alabama Legislature passed a measure restricting city limits taking away the vote of 410 out of 420 Negro voters.

The boycott was called for in an address by the president of a Negro group at a small church meeting here that attracted a huge crowd. The civic leader stated that Negroes "must not feed those who would devour us."

President Strasser stated that the income from this grant is to be used solely for teachers' salaries. The total amount may be used for any educational purposes after the expiration of 10 years.

DETROIT (AP)—Seventy-five NAACP lawyers from 25 states, meeting in a post-convention session here last week, mapped plans to counter-attack legally the efforts of several southern states to hamstring them in the filing of civil rights cases.

After the closed session, Robert E. Carter, New York City NAACP general counsel, issued a statement which declared that laws passed in some states were "an attempt to intimidate the legal profession with the threat of dishonor" if members are retained by the NAACP to file civil suits for Negro citizens.

"The lawyers attending the session agreed that they would not be intimidated by this threat," Mr. Carter said.

They expressed the determination to continue efforts to seek the carrying out of the Supreme Court's desegregation rulings in spite of the laws, he added.

He said that the laws, which are framed in such a manner as to prohibit lawyers from being retained or paid by the NAACP to file civil rights cases would be tested in federal courts.

"The plaintiffs in these cases seldom have sufficient funds of their own to finance their suits," he said.

The first test is already under way in Virginia and other cases will be filed soon, Mr. Carter said.

DUNN'S McDANIEL FAMILY Shown are members of the McDaniel family of Dunn. From left to right are the Rev. Paul McDaniel, Mrs. Rosa Hill, Mr. George Small, Mrs. Betty Blackman, the Rev. A. T. McDaniel, Sr., Mrs. Small, Dr. A. T. McDaniel, Jr., and Mrs. Thelma Phillips. Photo was made in front of a Dunn church.

New Pill Prevents Pregnancy

STOCKHOLM, Sweden (AP)—An American scientist reported here last week that he had developed a pill that is almost 100 percent effective in preventing pregnancy.

He is Dr. Gregory Pincus of the Worcester, Mass. Institute of Experimental Biology, who told the Stockholm newspaper "Expression" his pill, made from a synthetic hormone, reached the high percentage of effectiveness in tests on 100 women. He said that experiments now are being conducted to determine if the pill has harmful effects.

However, according to Dr. Pincus, the pill has still another effect. Women who suffered for years from sterility quickly became pregnant if they took the drug for a few months and then gave it up suddenly.

Wake 4-H Team Wins State Honors

Riley Hill Boys Are Champions

Lonell Jones and Donald Hodge of the Riley Hill 4-H Club have been declared State Champions in presenting a team demonstration in "Forage Crops" during 4-H Club Week now in session at A and T College, Greensboro.

They will receive gold watches with their names, name of crop and year engraved on them. While in Greensboro they will appear on WPMY-TV, Channel 2, from 12:00 to 12:15 Friday, the 24th.

The team won top place in the district at Clinton Wednesday, June 1, which made them eligible for State competition.

The Wake 4-H delegation was Agent and Mrs. Natalie P. Wimb, accompanied by Greensboro by C. Arley, Negro Home Demonstration L. Boone, assistant Negro County Agent.

Yes, We All Talk

By Marcus H. BoulWare
Speech Taboo Words YES, WE TALK permit themselves to be victimized by words. There are some words which we do not speak in polite society, there are other words which we do not speak with propriety in mixed company even though the words may be known, understood and used by all members of the company regardless of sex.

Science Shrinks Piles New Way Without Surgery

Finda Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids
New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery. In one hemorrhoid case after another, "very striking improvement" was reported and verified by doctors' observations. Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place. And most amazing of all—this improvement was maintained in cases where doctors' observations were continued over a period of many months. In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!"

Many children have been hushed, scolded, or slapped for innocently asking about a sick person "Will he die?" During the war loved ones and relatives did not want to discuss the possibility of their sons, husbands, fathers and sweethearts being sent overseas, or of the possibility of death or injury in combat. Treat cows gently and get their milk.
