

Summer is here at last bringing soft summer breezes and Iced Tea! Tall, cool and refreshing!

Ice tea at its finest means careful brewing. First of all, choose a good quality tea. For variety try some of the mint, speared or flower teas. Be sure that the water used is brought to a full boiling boil and poured immediately over the tea leaves. Brew for not more than 5 minutes.

For six tall glasses of ice tea use:

- 6 teaspoons of tea
- 1 quart of boiling water

Place tea in pot and pour over it boiling water from this effective Rarer Copper Tea Kettle. Let the tea steep for 5 minutes. Strain and cool the tea. Fill six 12 ounce glasses with ice cubes. Pour tea over the ice. Serve with a clove studded orange or lemon slice. Make it festive with a sprig of mint, gaily colored straws, a maraschino cherry, a thin slice of cucumber or add a maraschino cherry and leaf.

For larger parties try a tea based punch. Freeze some flowers from the garden in ice in a ring mold for the punch bowl. Add a can of frozen lemonade and a can of frozen orange juice and two quarts of gingerale to the tea recipe above. It's pretty and good! Serve in punch cups with dainty cakes.

LEAVING 'GHOST TOWN'—Cameron, La., which felt the full brunt of Hurricane Audrey's fury, becomes a ghost town as its remaining inhabitants stream out with bundles of their salvaged belongings. They head toward a ship which later ferried them to drier ground. The spread of disease, as well as disaster, speeded the exodus from the "dead" town. (Newspress Photo).

NO STRONG MAN—Corporal James G. Brown of Chicago is riding only an inflated rubber jeep while instructing aggressor troops at Fort Riley, Kans. Pneumatic "hardware" is a camouflage trick.

U. S. Begins Construction Of Public Housing For The Elderly

SUMMERVILLE, Mass. (ANP)—Completion of the building site is expected by Christmas. It will be a 42-unit 7-story 41-shaped structure in a spacious landscaped setting with sitting areas for tenants outdoors, a community lounge and other features in the interior especially designed for the senior citizens who will be the tenants.

While approximately 10 percent of the existing national program of federally-aided public housing is occupied by tenants whose family heads are 65 or over, the Sumerville development is the first to be built specifically for them in accordance with amendments to the U. S. Housing Act enacted in August, 1956.

Principal speakers at the event included Mayor William G. Donovan of Somerville, Cong. Robert H. MacDonald whose district includes three yards in Somerville, and New York Regional Director Herman D. Hillman of the Public Housing Administration, whose supervision of PHA activities extends throughout New England, New York and New Jersey.

Mr. Hillman said Somerville's program of housing for elderly tenants will provide its greatest benefits only if it is integrated with other living patterns of the community—not allowed to become isolated and institutionalized, but so managed as to provide a normal living environment for its senior citizens tenants, in keeping with its neighborly setting of churches, parks, and school, where the development

Adventists To Observe 50th Anniversary; Gov. To Speak

FROM CHAIR TO FOXHOLE—Although these soldiers are headquarters clerks of the First U.S. Cavalry Division in Japan, their combat potential is kept ready and able with vigorous training.

VICTIMS OF AUDREY—Driven from their homes by Hurricane Audrey, these storm victims sit outside the courthouse at Cameron, La., wondering what to do next. Their city felt the full force of Audrey's high winds and tidal waves, which destroyed almost 98 percent of the buildings. (Newspress Photo).

MT. VERNON, O. (ANP)—The 50th Anniversary of the founding of the youth department of the world organization of the Seventh-Day Adventist Church will be observed here July 12-13 in a two-day Memorial Service, an Adventist church official has announced.

Arthur J. Patzer, director of youth activities for the Columbia Union Conference of Seventh-Day Adventists, said that the Golden Jubilee event will be held on the campus of the Mt. Vernon Academy, the site of a historic meeting 50 years ago which officially brought into being the church's youth department.

The highlight of the entire program will be the unveiling and dedication of a monument to the founding fathers of the youth department. One of the main speakers at the Saturday afternoon dedication will be C. William O'Neill, Governor of the State of Ohio.

Golden Anniversary rallies and large gatherings of Adventist youths are being held this year in many parts of the United States and Canada as well as in overseas countries, Pastor Patzer said, but the July 12-13 meeting at Mt. Vernon is the official commemorative event to be sponsored by the world headquarters of the Adventist Church.

Directing the short but action-packed two-day program is Theodore E. Lucas of Washington, D. C., world youth leader of the Adventist Church. Making all local details and taking charge of the weekend is Arthur J. Patzer of Washington, D. C., director of all Adventist youth activities in Ohio, Pennsylvania, New Jersey, Maryland, Delaware, Virginia, West Virginia and the District of Columbia.

More than 4,000 youth delegates from all over North America are expected to attend the event, most of whom will come from cities in Ohio, Pennsylvania, and other nearby states. It is expected to be the largest Adventist parley in Ohio during 1957.

Ohio Adventist church leaders who are scheduled to take an active part in the program include Donald W. Hunter, President of the Ohio Conference of Adventists; Warren N. Wiltner, state youth leader; J. O. McLeod, Secretary-treasurer of the Ohio Conference of Adventists; and J. R. Skull, principal of Mt. Vernon Academy, all of Mt. Vernon.

The opening and keynote session is scheduled to take place on Friday night, July 12, at 7:30 o'clock.

TSU Adds 38 Profs To Staff

HOUSTON, Texas—Thirty-eight visiting professors have been added to the summer staff at Texas Southern University for one or both summer terms June 3—August 25. They represent a wide geographic distribution, coming from schools and colleges throughout the United States.
