Rush Memorial Church News

BY MRS. ANNIE H. THORPE

We have just returned from our Church School Convention which convened at Cedar Grove AME Zion Church, Buie's Creek, We can report one of the finest to be held in the Raleigh District. Quite a few people attended both the Church School and 11 o'clock services on Sunday, eager to hear the reports from the delegates. The 11 o'clock service began with the processional, Holy, Holy, We regularly kneel at the altar for our prayer of consocration. On entering the choir loft the doxology. "Praise God," etc., was sung. Then the He was the husband of Mrs. Eva pastoral prayer and choral response means that we are ready to receive the gospel with profound interest. Our 1st hymn No. 410 "According to thy gracious word" was sung lined by our pas-

tor, Rev. W. D. Carson. The responsive reading was for the 25th Sunday, "The law of Christ." Scripture lesson was then read by our pastor from St. Luke's gospe the 23rd chapter comprising 20

> while the congregation meditated devoutly. After the singing of the spiritual "Just a Closer Walk" the minister chose his text from the same scripture read, St. Luke 23: they do." Theme: "The Necessity of

Actions speak louder than words when an automatic electric dishwasher cuts dishwashing time in half and eliminates dishpan hands caused by scalding soapy water. Dishwashers which wash and dry dishes to true cleanliness

give the housewife time to be a lady of leisure. It enables her to enjoy her family or take up new hobbies such as gardening. sewing or decorating. Extra hours gained also give her time to do other household tasks.

egg beater.

In a 30-day study by Ohio State University comparing dishwash ing habits of wonten who used dishwashers versus those who did not, it was discovered that: 1. The bacterial count on plates

and other utensils were significantly lower for those washed by dishwasher than those washed by hand, Women who own and use dishwashers believe this helps out down colds and infections and, of course,

doctor bills 2. The test also revealed that dishwashing time was cut ap-proximately in half. The average woman spends more than eight hours a week clearing-up and washing dishes. A savings of four hours a week means she feels less tired, and is able to enjoy herself more. Another important feature is

the decrease in breakage. Breakage of dishes during the hand-washing test amounted to approximately 11 pieceswith a dishwasher this was

virtually eliminated. Today, Mrs. America can be a lady of leisure with well-kopt hands and nails when she had that relatively inexpensive servant, the electric dishwasher, do the dishwashing chores 365 days. BY MRS. R. W. JUDKINS Mr. Dallas Leach of New Jersey formerly of Raleigh He is a for
