DRIVE SAFELY

Therefore if any man be in Christ, he is a new creature: old things are passed away; behold, all things are become new.—(II Corinthians 5, 17.)

Through our Savior and Redeemer, Lord Jesus Christ, in real repentance we can receive God's forgiveness and tender mercy. In that moment, in His strength, we become in truth a "new man" completely — leaving behind the shame and sins of the past.

Val Washington Blasts Sen. L. Johnson For Criticizing Nixon's Rights Stand

WASHINGTON (ANP) — Val Washington, director of minorities Republican National Committee, Wednesday, blasted Senate Majority Leader Lyndon Johnson for criticizing Vice President Nixon because of his stand on civil rights legislation.

Johnson had charged Nixon, president of the Senate, with playing politics with the bill. The charge was made after the Vice President had returned to August 2, as one of the saddest days in history. This was the day, said Nixon, (sic) when the Senate voted to keep others from voting.

The Majority Leader claimed that such statement was good in taste coming from the Vice Pre-

sident of the United States and that Nixon was absent from the floor during most of the debate.

DISAPPROVES JOHNSON'S ATTACK

Washington then moved into the fray to express disapproval of Johnson's attack upon Mr. Nixon for "expressing his honest conviction about the failure of the Senate to concur with the House and the President in formulating a decent and fair Civil Rights Bill."

He accused Johnson and his southern colleagues of emasculating the bill that meant to protect the voting rights of many millions of Negroes.

In a letter addressed to Johnson, the Republican committee official

pointed out that Negroes have fought and died in every way in defense of their country. They pay taxes and support government institutions. They have honored all other responsibilities expected of citizens. But the Senate has yielded to the dictates of 11 Southern states. "Those are the same states which kept Negroes enslaved for nearly 250 years. It was the same section of the country where the controlling politicians still try to operate under slave day philosophy that a Negro has no right a white man has to respect."

"After three weeks of deliberation in the Senate, five million Negroes (over 30 percent of the population of those 11 states) will still be deprived of their rights to vote, in this, the greatest democracy in the world."

As a result of his meaningless and ineffective bill the United States has lost one of the greatest selling points of a democracy of the bar of world opinion, concluded Washington.
