

# "Pot Calls Kettle Black" As Major Parties Shift Blame For Upheaval

BY ANP STAFF CORRESPONDENT  
WASHINGTON (ANP) — Already before the civil rights bill has officially met its doom, the two political parties have begun casting the blame upon each other for its undetermined fate.

Sen. Hubert H. Humphrey took the lead Sunday by accusing the political leader Joseph W. Martin and Vice President Richard Nixon

of leading a GOP drive to scuttle the measure.  
"He revealed to the Republican leaders a Johnny-Come-Lately in the fight for civil rights legislation, stating that he had been in this fight since he had been an infant."

In his acceptance of the ABC-VARCO television program, "Johnny Come Lately," Humphrey attacked in Washington, the administration and the GOP, saying that the GOP had been "leading a drive since 1954 to scuttle the measure."  
"Martin has been scolding me for years," Humphrey said, "but he has never said a word about the civil rights bill until now."  
"He has been scolding me for years," Humphrey said, "but he has never said a word about the civil rights bill until now."

On the point of blaming the GOP, Humphrey declared that any action which would prevent people who were opposed to the bill from being heard in the Senate would be a "disgrace to the American people."  
"I don't go to work today," Humphrey said, "because my will to succeed is completely destroyed."

## "For Sale" Sign Ends Long Era

CHICAGO (AP) — A "For Sale" sign in the window of the Pullman Co. building in Chicago, which has been there for 100 years, was removed Sunday.

"Parade of the property was for sale," the sign read, "and the Pullman Co. is now offering it for sale."  
The sign, which had been there since 1907, was removed by the Pullman Co. after the company had been sold to the U.S. Steel Corp. by the U.S. Supreme Court in 1956.

THE PULLMAN CO. BIRTH OF THE RAILROAD  
The Pullman Co. was founded in 1844 by George Pullman, a Chicagoan, to manufacture railroad passenger cars.

These Pullman Co. cars were the first to have sleeping quarters, and they were the first to have dining cars. The Pullman Co. was the first to have a Pullman porter, a man whose job it was to attend to the needs of the passengers.
