Science Shrinks Piles New Way Without Surgery Finds Healing Substance That Does Both-

Relieves Pain-Shrinks Hemorrhoids

New York, N. Y. (Special) -- 1 For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain-without surgery. In one hemorrhoid case after

another, "very striking improvenent" was reported and verified by doctors' observations. Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction

(shrinking) took place. And most amazing of all-this improvement was maintained in cases where doctors' observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne*)—the discovery of a worldfamous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in suppository or ointment form called Preparation H.* Ask for individually sealed convenient Preparation H suppositories or Preparation Hointment with special applicator. Preparation H is sold at all drugstores. Satisfaction guaranteed or money refunded.

43 YEARS OF SERVICE!

For almost half a century we have been undertakers in Raleigh and vicinity serving you and your families in the most trying times.

For 42 years we have given dignified, experienced service at costs that are amazingly low.

HOW CAN WE DO THIS?

We buy our caskets in large quantities and have our own show room. Because we do this we are able to get discounts that other undertakers, who buy one at a time, can't get. So we pass along the savings to you at a time when every dollar saved is needed most.
