Point of Order

member of a club raise a point

of order? Is it also not possible to

raise too many points of order!

ANSWER: A point of order

should be raised whenever

a mistake is made i nihe ob-

servance and enforcement of

the rules of parliamentary

procedure, or rules of the club.

No business should proceed un-

til the error has been correct-

ed. For this reason, the motion

"rise to point of order" should

be made immediately when

the mistake has been made.

Frequently, the chairman, or

presiding officer, is the only one

who is aware of the mistake. If

so, he says, for example, "The mo-

tion is out of order." or "You're

out of order on the grounds that

only one question may claim the

attention of the assembly at one

order are raised. In many cases,

they are partially justifiable out
