

"Satcho" Declares Government Run By Southerners

New Charges Aired By Famed Trumpeter In Argentine City

Buenos Aires, Argentina (AP) — Louis (Satcho) Armstrong, jazz trumpeter of the Dixieland school (they used to call it "rag" music), upon his arrival in the Argentine capital and chief report last week, had another chance to vent his spleen on racial disturbances in the U. S.

Satch told newsmen greeting him that the U. S. government could "put its foot down to stop race disturbances, but you know, the government is run by Southerners."

He added that American Negroes are beginning to refuse to be pushed around.

"We don't talk that give now," he said. "I'll tell the same thing to anyone I meet down here."

The 50-odd years old jazz trumpeter is currently touring South America.

J. R. Larkins Main Speaker At Shaw Univ.

J. R. Larkins, Negro Consultant, State Department of Welfare, Raleigh, spoke to the Shaw University student body and faculty Friday, November 1, on the Negro's position in the Economic Structure. Speaking on the Negro's current position, forces responsible for his position and trends for the future, he said that the employment opportunities for Negroes are divided into four areas: (1) Competition, (2) Monopoly, (3) Exclusion, (4) Racial services by auto-business establishments, separate public institutions and colleges.

"Negroes," he declared, "have made the most spectacular employment gains, however, the chief problem of the Negro is still lack of economic opportunity. This situation exists all over the United States and western civilization."

He urged the students to prepare themselves to measure up to the highest and exact standards of performance as there are increasing opportunities and demands for competent and well-prepared persons in many fields.

The speaker was introduced by Carl DeVane, chairman, division of Social Sciences at Shaw.

Christmas Club Funds Go Over Billion Dollars

"Hike in savings will help our economy" said Edward F. Dorset, President of Christmas Club, a Corporation, who today announced that 13, 070,000 Americans have saved One Billion Two Hundred and Twenty Five Million dollars in the 1957 Christmas Club.

This is the sixth consecutive year that the annual disbursement has exceeded a billion dollars. Seven thousand banks and savings institutions will participate in the 1957 distribution to Christmas Club members throughout the nation.

"Increased savings of our people and cut in our national debt would go far to ease 'tight money' said Mr. Dorset. "As these savings are made available to meet demands for local and national expansion as well as expansion of new business and equipment, they will provide the resources for stable economic growth."

Miss Martha A. McLendon, Norwood, Runners-up in the Student of the Month contest are Miss Claudette Dozier, Miss Betty McLean, Miss Goldie M. Faison and Miss Erdine Fogg, Miss Geraldine Foreman and Miss Dorothy Powell, in that sequence.

My husband is like a broken record. Two weeks after a neighborhood party, he was still raving about the barbecued chicken.

Since we have no patio, not to mention an outdoor fireplace, I began to tire of this refrain. Then the light dawned. Of all things, I had forgotten the rotisserie on my Estate gas range! What with a barbecue meat oven for large cuts of meat, I'd never gotten around to trying the revolving spit for smaller cuts.

This morning I checked the instruction book and the Whirlpool people had made the directions so simple, I pushed right out and bought a couple of small chickens. Then I called my neighbor for her barbecue sauce recipe. Dinner was a masterpiece!

Bill doubted that I had done the cooking until I ushered him into the kitchen for a demonstration. I told him how the chicken bastes itself and gets crispier and when it's constantly turning. He was so intrigued with the revolving spit that he's planning to cook dinner tomorrow night with shish-kabob for the main course.

One thing bothers me, though. If we ever do have a patio, how will I talk Bill into building an outdoor fireplace? I'd sort of like one for atmosphere, at least.

Richmond, director of distributive education.

The opening session, scheduled for Friday evening at 8:00 o'clock will be keyed by Dr. Hobart Jarrett, chairman, Division of Humanities at Ben-

nett College. That session is open to the general public.

Host to the meet is the Greensboro Chapter of the organization headed by Thomasine Corbett, President of the parent's group as Mrs. Edna Fisher.
