

EX-SLAVE CELEBRATES BIRTHDAY — Mrs. Fannie Turner, a former slave who was about 20 when the Union soldiers marched into the South during the Civil War, celebrated what she thinks was her 113th birthday Feb. 16th. She can remember the Yankees arriving to free the slaves, and she remembers badgering a young soldier into giving her her "a bright brass button" from his uniform. She lives today much as she has for many years, "taking a drink of whiskey whenever I can get it." Her home is in Braden, Tenn. (UNITED PRESS PHO-TO)

Dr. Marcus Hall, Montclair, N. J., Address St. Augustine's Group

"Be not afraid of them that kill the body, and after that have no more they can do." These were the words from St. Luke 12:4 that Dr. Marcus Hall of St. Luke's Episcopal Church, Montclair, New Jersey, opened his address with recently in the St. Augustine's College chapel. Dr. Hall spoke to a large audience of students, faculty and staff members, and friends.

Dr. Hall stated that we are inclined to think that the

death of the body is the worst thing that can possibly happen to us. In that respect, we are no different from people in Jesus' day. They, too, thought of physical dissolution as being the ultimate in destruction. But within the past eight years, methods have been devised of assuaging the mind while leaving the body alive.

Dr. Hall said, "It is the mind which makes man human, which

allows him to realize his status as a created being and to know his Creator. Take away the mind, rob it of its capacity to reason freely, and you have reduced man to the state of an animal."

Other points of importance that Dr. Hall discussed were: The use of knowledge—for evil as well as for good; which is explained in Ivan Petrovich Pavlov's theory of the conditioned reflex; the use of depth psychology; and how to prepare yourself when confronted with advertisements of psychological nature.

In conclusion, Dr. Hall restated the opening lines: "Be not afraid of them that kill the body, and after that have no more they can do," and added: "But rather fear him who hath power to cast thy soul into hell."

Padmore left the country by plane Tuesday for official consultations in Monrovia, Liberia.

The ambassador is accompanied by his mother-in-law, Mrs. Florence Mai Grimes Wiles, sister of the late Liberian Chief Justice Louis Arthur Grimes. Mrs. Wiles has been visiting the Padmores. Mrs. Padmore returned to Washington last week following a four-week business trip to Liberia.

Arrest Matron For Said ADC Cheat

DETROIT — (ANP) — A 39-year-old northern wife, Mrs. Leslie Anderson, who drew a total of \$843 in ADC funds, after her husband received a \$4,500 Workmen compensation check for injuries sustained in an automobile plant, was charged with failure to report change of status to the Aid to Dependent Children last week in a warrant issued by the prosecutor's office.

According to Mrs. Orda Sampich, 41, of the Aid to Dependent Children office, Mrs. Anderson, her daughter, Effie, 16, and her disabled husband, Tom Anderson, were placed on ADC rolls during the months of April, May and June, 1957, and received a total of \$843.

Further investigation by the ADC disclosed that Anderson received a \$4,500 check March 18, 1957, for spine injuries suffered at Chevrolet Gear and Axle plant.

Anderson alleged to have purchased a 1954 car for \$1,495, and at this point had personal property over \$750.

Mrs. Sampich said Mrs. Anderson failed to report the money received by her husband and continued to accept ADC aid for the family.

Say 170 Men Attacked Three White Officers

MILWAUKEE, Wis. — (ANP) — In what was described by one officer as the most savage attack against lawmen he has ever seen, 170 Negroes "jumped" three white policemen, injuring them, in a fracas at a dance here last week.

The officers had tried to arrest a 17-year-old youth in an all-Negro group at a northside ballroom. They had answered a call that a fight was under way at the ballroom. But when they arrived and tried to arrest the youth, he resisted them and incited the crowd to help him, the policemen said.

Despite the attack, the youth

was arrested. In the process, however, the policemen were stormed with full bottles of beer and whiskey, chairs and tables from the ballroom balcony.

One patrolman suffered cuts and bruises and loosened tooth, another sustained internal injuries, and a third, a fractured finger.

Science Shrinks Piles New Way Without Surgery

Finds Healing Substance That Relieves Pain, Stops Itching as it Shrinks Hemorrhoids

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain—without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by doctors' observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all—this improvement was maintained in cases where doctors' observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be

a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne*) — the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in suppository or ointment form called Preparation H.* Ask for individually sealed convenient Preparation H suppositories or Preparation H ointment with special applicator. Preparation H is sold at all drug counters. Satisfaction guaranteed or money refunded.
