

# "Rid Yourself Of Worries And Use What You Have," Miss Brown Tells 139 Ligon Grads

By STAFF WRITER

"Rid yourself of your worries and use what you have" was a high point in the commencement address Miss Addessa Brown, president of the Student Council, when she spoke to 139 graduates of Ligon Junior-Senior High School Saturday in Raleigh Memorial Auditorium at 6 p. m.

The speaker, a graduate, knotted her message with a challenge, asking the graduating seniors to be some uncommon men "who will defy convention when they believe it to be harmful, who do what they sincerely believe is right and who contribute to the progress of the world."

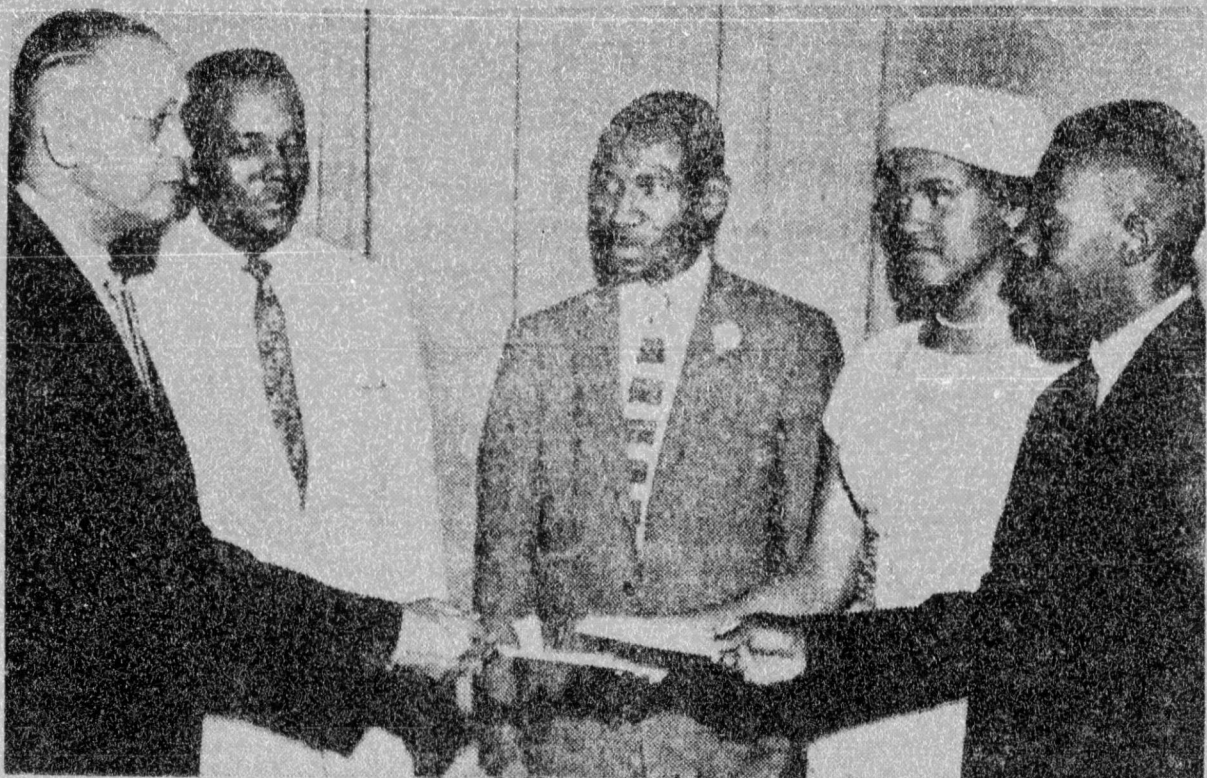

For every negative view point, she should account a positive one, urged Miss Brown.

The president of the Senior Class, Charles Haywood, introduced Miss Brown and called attention to her varied leadership qualities.

THE PROGRAM INCLUDED: a professional and recreational "Lift Every Voice and Sing"—Johnson Frazier Reese, solo—"Alleluiah" from "Jubilate"; Rev. L. S. Penn, invocation; H. E. Brown, principal, announcement of scholarships and awards; Rev. H. W. Cunningham, benediction.

Diplomas were awarded by Superintendent Jesse O. Sanderson.

## Gallup Poll Says Dems Still Hold The Bulk Of Negro Vote Power

PRINCETON, N. J. — (AP) — A perennial survey of the Gallup poll disclosed that the Democrats have lost little of their hold on the Negroes' votes. As a matter of fact, the poll finds that GOP efforts to win Negroes to the party on the civil rights issue has been a failure.

This "failure" is attributed to a belief that Negroes both of the north and south, feel the Democrats have their economic interests at heart—or a case of Detroit's unemployment lines have more political significance than Little Rock's picket cordons.

Asked which party would you like to see win in this state? Northern Negroes are said to have voted 27 percent GOP against 73 percent Democratic, against a 1954 percentage of 33 and 77, respectively. In the south the present figures were quoted as being 35, GOP, 65, Dems, against 1954's 27 and 73, respectively.

In other aspects of the poll, samplings of Negro opinions were:

1. More people would be out of work in the months ahead.

2. The government will have to help cure it.

3. 3-1 Democrats can do a better job of keeping the country prosperous.

4. "Some minds are like concrete—all mixed up and permanently set."

OPEN THROAT VOWEL QUESTION: What is meant by the "open throat vowel?" — Mrs. L. F.

ANSWER: The "open throat vowel" is often referred to as long Italian "A", or the neutral vowel. It is produced in such a way that the speech musculatures are at rest forming little or no obstruction to the passage of air through the throat and oral cavity. The tongue rests relaxed and flat at the floor of the mouth.

The "open throat vowel" has the sound of "AH" as in (RAH) when yelling at a football game.

The sound occurs in such words as FA-TH-ER, ART, BAR-BOR.

As a neutral vowel, the speech articulators (tongue, lips, etc.) move into position to form the long and short "A" (as in at), the long "E" as in (me).

QUESTION: The motions in a club are carried by a majority vote. In this case, do you mean the majority of the members? — Miss F. B. M.

ANSWER: By majority vote is

meant at least one more than half of the total number of votes cast. This does not mean, however, that every member must be counted in the voting. Only those members who actually vote are counted.

We must hasten to add that no member can be compelled to vote, but he has the responsibility to do so.
