Alexander Barnes Addresses Fayetteville Elks Services

bers of Earnest Carver Lodge No. 1312 and Earnest Carver Temple No. 957 I. B. P. O. E. of W. climaxed their anniversary services here Sunday with a public meeting at Mt. Olive Baptist Church.

The celebration began Saturday night when a banquet was held with J. A. Williams serving as the toastmaster. Scores of Bills and Daughters took part in the festivities.

The Rev. Lacy Jones delivered a to regard themselves with the principles for which the organization amples of the true tenets of their

Alexander Barnes, veteran of the temple.

newspaperman, threw a broadside at the audience for the seeming lethargy that gripped the civic life of Fayetteville. He warned the Elks and their guests that first class citizenship carried a premium and that it had to be paid for at a sacrifice.

He called upon them to stop talking first class citizenship and begin to do something about it by taking greater interest in voting, paying taxes, better conduct on the streets stirring message on faith and ad- and a rousing interest in those who monished the members of the lodge | have been termed juvenile delin-

Music was furnished by a federa was founded and to set burning ex- | tion of choirs. Charles Baggett gave the history of the lodge and Mrs. Nettie McDonald gave the history

NFA Elects Gaston Youth As President

County youth will head the North Carolina Association of New Farmers of America. Douglas Miller, Kings Mountain, RFD, was elected president of the organization at the 30th annual convention conducted last week at A&T College.

Other new officers elected at the Friday closing session included: James Feaster, Greensboro, first vice president; Joseph Mitchell, Challotte, second vice; James Wray Wake Forest, third vice; Bobby Spencer. Henderson, secretary; Harold Hill, treasurer and Winser Alexander, reporter, both of Co-

ciation from the National Foundation for Infantile Paralysis hy Charles H. Bynum, director of Interracial Activities, who sought ways of immunizing people, temporarily, against disease; Charles Drew, who developed the blood banking system and Jonas Salk, who perfected the polio vaccine, as great contributors to world-

wide good health. In speaking for the polic vac-cine, he urged "whether young, young adult or adult, you should get as much protection against this The State NFA Group was dread disease as possible.'

Science Shrinks Piles New Way Without Surgery

Finds Healing Substance That Relieves Pain, Stops Itching as it Shrinks Hemorrhoids

New York, N. Y. (Special) -For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain-without

ing, and relieve pain—without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by doctors' observations.

Pain was relieved promptly.

And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all—

And most amazing of all— this improvement was main-tained in cases where doctors' observations were continued ever a period of many months! In fact, results were so thor-

ough that sufferers were able to make such astonishing state-ments as "Piles have ceased to be

a problem!" And among these sufferers were a very wide va-riety of hemorrhoid conditions, some of 10 to 20 years' standing. All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne*) - the discovery of a

Dyne*) — the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body. This new healing substance is offered in suppository or ointment form called Preparation H.* Ask for individually sealed convenient Preparation H suppositories or Preparation H. positories or Preparation H ointment with special applicator. Preparation H is sold at all drug counters. Satisfaction guaranteed or money refunded.

"DOCTOR OF THE YFAR" - Dr. C. D. Watts right, Durham surgean, is presented the coveted "Doctor of the Year" plaque by Dr. J. S. Simmons left sanford, chairman of the Awards Committee, 28 Dr. M. D. Quigless, Tarboro, retiring president looks on from center. The presentation was made at the seventy-first annual convention held last week in Durham.

DR. SNOWDEN PROMOTED - Dr. George W. Snowden, former instructor at Shaw University here, right, is congratulated by Federal Housing Administration Commissioner Norman P. Mason on his promotion to the newly-created FHA position of Assistant to the Commissioner, Intergroup Relations Service in Washington, D. C. His wife, Mrs. Jessie Snewden, is a native of Raleigh. For the past five years, Dr. Snowden has been Minority Group Housing Advisor for the Commissioner's staff. Mason said the creation of the new position was in keeping with a broadening emphasis on making good housing equally available to all segments of the population

which also brings up the question concerning other similar materials frequently used as fertilizers around the home

Since we are primarily interest. ed in the percentage of nitrogen (N), phosphorous (P) and potash in these materials, let's see what we can find out. I will analysis: Cotton seed meal 5, 7 N, 1.5 P. 1.2 K; peanut hull meal 1.2 N, 0.5 P, 0.8 K; soybean meal 7 N 12 P, 1.5 K; tobacco stems (ground) 1.5 N, 0.5 P, 5.0 K; bone meal, approximately 3 N, 25 P, 0.0

It will be noted that each material contains varying percentages of the major elements but none is in very good balance. This is especially true of bone meal. These materials readily see that the nutrient balance is not as good as in our 8-8-8 or 10-10-10 mixture.

F. F. Rockwell has an interest ing article in the June issue of the Farm Journal (So. Ed.) entitled. "Gardens in the Air," and it is about hardy climbing roses. He and his wife especially like the following varieties of the vigorous climbers: New Dawn, a blush pink and fragrant; Dr. J. H. Ni cholos, large, double, rose-pink and Aloha, deeper pink that Dr

Nicholos. Among the white climbers: City of New York, semi-double and golden hearted: Silver Moon large saucer shaped flowers, Mer-maid, ivory-tinted lemon and is one of the best of the single flowered roses.

of the reds: Thor, fine rich crimson flowers on 12-15 inch stems. The finest big red hardy climber for cutting. Try it if you want something "different" in a climber. Blaze is another favorite Vigorous growing yellow climbers arrived late on the garden scene but now you can enjoy Doubloons, a rich yellow shade with apricot, Golden Glow, a pure yellow; and Orange Everglow, a glowing, coppery-orange, and one of the most fragrant of all roses in the Rockwell gardens.

Educational Tour Begun By Youth

Forty Wake County Older Youth members and adult leaders will return at 7:30 p. m. Thursday, June 19, after a three-day educational tour which took them through parts of Virginia, Washington, D

C. and Maryland. The group which teft by chartered bus early Tuesday morning, the 17th, traveled through the Shenandoah Valley of Virginia and over Skyline Drive, visiting the Lewis Mountain Resort and Luray Caverns, Luray, Virginia.

In Maryland a tour was made of the Agricultural Research Center of the USDA located at Beltsville. In Washington the group visited the Bureau of Engraving and Printing, The White House, FBI. Memorial. Monument and the Smithsonian Institute. En route the group also vis-
