

HINTS TO HOMEMAKERS
Miss Ruth Conner
216 West Lexington

CHEMISTRY AND THE HOME
—A new dual purpose household sponge designed to perform two kitchen chores—scrubbing and wiping clean—has recently been introduced. Check markets. Two entirely different materials are laminated together: a layer of cellulose sponge that absorbs and wipes, and a layer of tough urethane foam to scour and scrub.

A group of 900 homemakers was asked to check laboratory findings with practical kitchen per-

ported that they liked the sponge for eight weeks. 89 per cent reported that they liked the sponge better than the kitchen aid they normally used. It is easy on the hands, too.

Recommended uses include washing dishes, cleaning range, wiping tables and counters, cleaning pots and pans, scrubbing sink, tub, walls, and woodwork. The convenience of the multi-purpose function was the important advantage listed by homemakers. One sponge can now be used for jobs where formerly cleaning tools were necessary.

In washing dishes, consumers found the rougher side of the sponge removed food particles easily—even dried egg—without scratching fingernails or silverware. It also is recommended for dishwasher preparation. Most leading grocery stores across the country are now stocking this synthetic sponge, called the "Combo." It is the result of a two-year research program.

WASH NO-IRON BED-SPREAD — On the market you can buy a wash, no-iron bed-spread of 65 per cent "Dacron" polyester fiber and 35 per cent cotton.

MUTUAL ADMIRATION — Minnijean Brown, 15, who was expelled from the Central High School in Little Rock, Ark., and came to school in New York, chats with former Dodger star Jackie Robinson, during their first meeting at a New York child center. Minnijean admitted that the reminder of Robinson's courage and determination as a Negro "pioneer" in major league baseball, gave the "Little Rock Nine" courage to carry on when the going was toughest. She was reunited with her classmates on June 12, when the remaining eight Negro students were brought to New York to receive the Better Race Relations Award. (Newspress Photo).

Christian Youth Conference Ends 8th Annual Session At Fayetteville

FAYETTEVILLE — The North Carolina Christian Youth Conference, sponsored annually by the Presbyterian Men of the Church Synod of North Carolina, has concluded its eighth annual session at the Fayetteville State Teachers College. The current session extended from June 9th through 14th.

As in other years, the Reverend Leon Anderson of Atlanta, Georgia was the Conference director and served also as the instructor in the course, "Basic Christian Beliefs." Other instructors and Conference leaders included the Reverend Robert A. Massey of Fayetteville, Co-Director and Instructor in the course "The Nature and Mission of the Church."

Also on the staff were the Reverend William M. Boyce, Jr., of Charlotte, Bible Teacher; the Reverend A. M. Spaulding of Fayetteville, Vesper Speaker; the Reverend Robert Turner of Charlotte

Business Manager; Barbara L. Massey of Raleigh, Director of Music; Ethel Lazama of Dublin, Georgia, Director of Recreation; Mrs. Leon E. Anderson of Atlanta, Dean of Women; and the Reverend M. A. Cochran of Charlotte, Dean of Men.

The enrollment, the largest in the history of the Conference, totaled 112, 102 of them being top students from North Carolina high schools with strong scholastic and church participation records. The activities included devotions, Bible hour, regular class sessions, recreation and social activities, and vespers.

Annual 4-H Federation Big Success At Whiteville

WHITEVILLE — 350 4-Hers, Adult 4-H Leaders, Teacher Leaders and friends gathered Wednesday, June 17th, at Central High School, Whiteville, for their 14th Annual 4-H Federation.

Fifteen counties entered demonstrations in Breadmaking, Vegetable Cookery, Dairy Foods, Electric, Vegetable Production, Tobacco, Cotton, Potage Crops, Peanuts, also 46 Dresses were modeled by 4-H girls and each county took part in the talent contest.

The demonstrations were judged, and the county having the largest number of entries and winning the highest number of points was presented the "Loving Cup". The winning County for the year was Pender, who had a total of 1,110 points with Duplin coming in second with 1,025 and Harnett third with 855 points.

4-Hers winning 1st place were: Martha Manor of Lenoir County for Individual Bread; Verlestine Williams and Ann Lofton of Duplin County for Team Bread; Evelyn Shaw of Lenoir County for Individual Vegetable Cookery; Pearl Freeman and Geraldine Lyles of Harnett County for Team Vegetable Cookery; Marna Boston of Harnett County for Individual Dairy Foods; Pamela Lacey and Barbara Earp of Johnston County for Team Dairy Foods.

For the boys the 1st place winners were: Windsor Johnson and Donald Graham of Duplin County for Electrical; Gerald Patterson and Frank Wright of Cumberland County for Vegetable Production; Charles Newton and Johnny Priddy of Pender County for Tobacco Demonstrations.

Thurman Anderson and King Smith of Robeson County for Potage Crops, and Lewis Jordan and Lawrence Moore of Pender County for Peanut Demonstrations.

Each of the winners for the boys' demonstration will receive a cash award to be used for their expenses in attending the State 4-H Club Week Program to be held at A&T College on the week of June

State College Answers

QUESTION: How can I protect my timber from fires?
ANSWER: One way to protect your forest is by planting fireland around the area and being very careful with brush and grass burning. Also urge your neighbors to be careful with their fires. Finally, cooperate with the State Forest Service by helping detect and stop forest fires.

QUESTION: Can corn ear-worms harm crops other than corn?
ANSWER: Definitely. The pest is even known by two other names: cotton bollworm and tomato fruit worm; Cotton, tobacco, tomato and green bean crops all have to be protected from this worm.

QUESTION: How can I save some of the surplus from my big crop of perennial pasture?
ANSWER: The surest way of saving Lading clover or other such forage is to cut the excess forage if you have Lading clover containing over 70 per cent moisture (unwilted), be sure to use a preservative, preferably one

Yes, We All Talk

By Marcus H. Boulware

Point of Order

QUESTION: When should a point of order be made and does it require a second? — G.H.

ANSWER: The purpose of the motion "Rise to Point of Order" is to correct some mistake that has been made. Hence, it should be proposed immediately when the mistake occurs. Otherwise, the chairman should rule it out of order.

Suppose a member proposed a motion concerning a picnic, and although it does not get a second, the chairman puts it before the assembly. Another member may object to it at the motion did not get

that absorbs moisture, such as 125 to 150 pounds of corn and cob meal with 150 pounds of chopped straw per ton. If feed is wilted, use 125 to 150 pounds of corn and cob meal or eight pounds of sodium metabisulfite. Cut when grass heads emerge before bloom

STRENGTH FOR THESE DAYS
from the Bible

Lord, what is man, that Thou takest knowledge of Him... (Psalm 144, 3.)

How humble, how thankful, how enormously grateful we should be every hour of the day, that Almighty and Eternal God, Creator of Heaven and Earth, still takes heed and account of each of us. He is Our Father, and He is mindful of our weakness and our need; He is ever ready to forgive us, ever anxious to help us.
