FAILED TO APPLY, SAYS UNDEGRAD (CONTINUED FROM PAGE 1) The young woman whose grandfather and great-grandfather were Libertarian presidents, told an interviewer that she had been informed none of Adolph's nine sororities would admit a Negro. "It was a great shock and disappointment to me to be told I can't join my classmates because of my race," she said. "I never thought such a thing was possible."

Later, however, both Miss King and college officials said her statements were based on a misunderstanding.

A spokesman for the college said none of the nine sororities and 10 fraternities on the campus have restrictive clauses excluding members of any race. He said five Negroes, as well as Japanese and Chinese students, have been admitted to the Greek letter organization.

The official reported that Miss King was not invited to join a sorority because she did not sign up at the start of the "rush" season. Under College rules no sorority can "rush" and pledge a student who does not sign a card indicating an interest in the sorority. Miss King also said later that "I could not be asked to join because I did not even apply."

She concluded with the fact that she had never been the victim of any discrimination at Adolph.

Church Bonus Money Rules

All purchase slips or receipts presented to your church must come from stores advertising in the CAROLINIAN. Each week carries a date in the Bonus Money period. Purchases eligible must come from the store during the week the "ad" appears. No purchase slips representing a business should be submitted. All receipts must come from individual purchases. All churches in Raleigh and Wake County are eligible. All purchase slips must bear the name of the store from which the purchase was made. All purchase slips should be submitted in the name of the church and should be in the office of the CAROLINIAN the Monday following close of Bonus period. In order that smaller churches may have an equal opportunity to share in the Bonus Money the following regulation is expedient: No church of over 200 members will be awarded 1st Bonus Money consecutively, i.e. should a church of 200 or more members receive 1st Bonus Money after the first period, it would have to wait until the third Bonus period to be presented 1st award again, except where a church has 20 or less members, then it could win top Bonus awards consecutively. However, this does not mean that second and third awards cannot be sought consecutively. Consequently every church group has the opportunity to secure an award every period. No purchase of over \$50 from any one merchant during a week can be equated. There is a ceiling of \$25 per person a week for grocery purchases. In the event of same amount of purchases by more than one entry, the award will be divided. Weekly purchase totals should be shown on each packet and total placed on the outside of the envelope carrying the period entry along with name and address. Bonus money earners will be announced in the issue following the closing of each period. All entries remain the property of THE CAROLINIAN. All tallying is final when the names of the Bonus Money earners are announced in the CAROLINIAN, and no responsibility is accepted by this newspaper beyond that point.
