(CONTINUED FROM PAGE 1) The 19-year-old wife of a marine, was found in a wooded park by two servicemen Friday night. She first told officers two men forced her to accompany them from her trailer home to the woods where they boarded and gagged her and beat her head against a tree. But when detectives, who said the incident almost certainly would have attracted the attention of passersby on the busy Hampton Boulevard, questioned her story, the young woman admitted she was lying up.

IKE FAVORS GOING SLOW ON 'MIXING'

(CONTINUED FROM PAGE 1) Court again, the words of the President took on added significance. On September 11, the High Court will meet in a special session to decide how much time the School Board at Little Rock, Arkansas, will be given to integrate its Central High School. When questioned further about the school integration issue, President Eisenhower said that the closing of public schools "would be a very terrible outcome." As a result, the President added: "I think there would be a whole basketful of litigation that would take place."

Statements of the President reported in the daily press brought forth a valley of criticism of the President from Negro leaders. Roy Wilkins, NAACP executive secretary, made statements to the effect that desegregation could not be slower, because if it did "it would be moving backwards."

It seems incredible that the President will allow the channels of information available to him should have concluded 44 years after the (Supreme Court's original) decision that the pace should be slower.

(CONTINUED FROM PAGE 1) Rogers is said to have followed Estes to his (Estes) brother-in-law's home. The brother-in-law is Elbert Dickson. "I wanted to talk to him about breaking the door panels," Rogers told Chief Smith. An argument arose between the two men, Smith said, and Rogers is said to have left the house to go to his car. Estes followed him and when Rogers reached his automobile, Estes is said to have struck him. Rogers is then said to have drawn a pistol from his pocket and shot Estes in the neck. The victim was reported in "fair" condition as late as Wednesday of this week.

ABORTION TRIAL MOVED OUT OF UNION COUNTY

(CONTINUED FROM PAGE 1) forming an abortion on a white woman. Dr. Perry was sentenced last October to 1-2 years in prison on the charge of performing an abortion of Mrs. Lillie Mae Rape. The State Supreme Court remanded the trial saying the question of grand jury discrimination by denial of Negro participation had not been settled in the first trial. Judge Olive's action came after Defense Attorney Herman Taylor of Raleigh, asked that the trial be moved to Mecklenburg County and Solicitor M. G. Boyette asked to have it moved to Scotland County. Motion by the defense for the change cited a petition circulated in Courthouse Square here asking officers to order Dr. Perry and another NAACP leader out of town because of their efforts on behalf of integration. Dr. Perry was found guilty in the first trial by an Anson County jury, brought in after the defense sought a change of venue.

JUDGE AGREES WITH SCHOOL BOARD'S RULE

(CONTINUED FROM PAGE 1) portunity to adequately exhaust their administrative remedies. If the Holts are not in favor of going back before the Raleigh School Board for another hearing on the reassignment request, they may appeal Judge Stanley's decision to the Fourth Circuit Court of Appeals. It seems that the Holts are definitely set on appealing the District's Court ruling, in spite of the fact it may take weeks. More than two years ago, Joseph H. Holt, Jr., applied for admission to Broughton High School which is located less than a mile from his home on Oberlin Road.

Church Bonus Money Rules

All purchase slips or receipts presented to your church must come from stores advertising in the CAROLINIAN. Each week carries a date in the Bonus Money period. Purchases eligible must come from the store during the week the "ad" appears. No purchase slips representing a business should be submitted. All receipts must come from individual purchases. All churches in Raleigh and Wake County are eligible. All purchase slips must bear the name of the store from which the purchase was made. All purchase slips should be submitted in the name of the church; and should be in the office of the CAROLINIAN the Monday following close of Bonus Money. In order that smaller churches may have an equal opportunity to share in the Bonus Money the following regulation is expedient: No church of over 80 members will be awarded 1st Bonus Money after the first period. If it would have to wait until the third Bonus period to be presented it will award Bonus awards consecutively. However, this does not mean that second and third awards cannot be sought consecutively. Consequently every church group has the opportunity to secure an award every period. No purchase of over \$35 from any one merchant during a week can be awarded. There is a ceiling of \$35 per person a week for grocery purchases. Weekly purchase totals should be shown on each packet and total placed on the outside of the envelope carrying the period's entry along with name and address. Bonus money earners will be announced in the issue following the closing of Bonus Money. All entries remain the property of THE CAROLINIAN. All buying is final when the names of the Bonus Money earners are announced in THE CAROLINIAN, and no responsibility is accepted by this newspaper beyond that point. No receipts from banks will be considered, except payment on message.
