

COURT HEARS PLEA—Negro children arrive at the Federal Court in Arlington, Va., for a hearing on their plea for admission to all-white schools for the coming school term. The Arlington County School Board told the court that it had already rejected the applications of the 30 Negro students. All Virginia public schools may be closed if the court rules that they must integrate immediately. (Newspress Photo).

Writer Tells How Negroes Are Being Terrorized In Britain

By RON STEPHENSON FOR AP
LONDON, England — There

seems to be an organized campaign in Britain to terrorize colored people. Several incidents in different parts of the country give me this impression.

For the past two week-ends, gangs of white men with cars have attacked colored men walking in the Shepherd's Bush district of London; and last Saturday the tension which has been mounting in Nottingham finally broke and there was a clash involving colored and white people which took the police, with dogs and firemen with hoses, six hours to quell. Sunday night extra police were patrolling the streets, because the situation there was still explosive.

EXPLODED VIOLENCE FOR SOME TIME
The Chief Constable of Nottingham, and other observers, say that they have been expecting this outbreak of violence for some time because there have been fights in recent weeks between colored and white men. This clash was bound to happen because there is a large amount of unemployment in the area and the disgust of white men is taken when they see a colored man walking with a white woman.

Saturday night's clash was triggered off when a white man and his wife, on their way home from a club (rover) insulted a Pakistani, who retaliated. This was the light to the fuse of dynamite. Within minutes the street was full of people, fighting, screaming and shouting. At one time it was estimated that a thousand people were involved in the brawl.

EIGHT TAKEN TO HOSPITALS
When it was finally settled, eight people including a policeman were taken to hospitals. One white man had his throat cut from ear to ear and had to receive 35 stitches; two others had knives stuck in their backs; and dozens of men and women were wounded with knives, bottles and razors. One colored driver drove his car at a group of colored people, finally they all got out of the way.

The police say that they have taken six colored men into custody for their own safety, but no arrests were made. The relationship between white and colored people in Britain has been becoming progressively worse. In London in particular, several colored men have been beaten while walking with their white and friends. Many have had to be taken to hospitals with serious injuries.

In the past two weeks, however, groups of white men have been terrorizing the Shepherd's Bush area in such a manner as to attract any colored man they find walking alone; they beat him into unconsciousness

Possible UN Aid Seen In Ghana's Food Shortage

UNITED NATIONS, N. Y. (AP)—Although there has been no official word from the United Nations Children's Fund (UNICEF), there is a strong possibility that UN assistance may be extended to Ghana in view of the acute food shortage in the West African country.

At latest reports the Ghana Government was taking "urgent steps" to alleviate the shortage of food in the drought-stricken areas in the northern part of the country.

A food commissioner has been appointed to set up an organization to deal with the situation. The export of certain crops has been forbidden to prevent a sharp price rise because of the demand.

Limited food supplies are reported to be available, but indications are that some food speculators have been causing a price rise and have been operating a black market.

The hog-feed ratio is expected to remain favorable in North Carolina into the first quarter of 1959. Your success is measured by the kindly help and cheer that you impart to others.

Reduce feed costs; fill an extra silo.

Edward Burnette Funeral Conducted In Pittsboro

PITTSBORO—Farmers, townspeople and even bankers crowded Hamlett's Chapel CME Church Wednesday, 2:30 P. M., to pay their respects to Edward Burnette, veteran farmer, community leader, churchman and humanitarian.

Long before Rev. J. H. Lightsey began the services the church was filled to capacity and many more were at the doors, seeking entrance. There were those who turned him as a friend to the poor, an organizer of civic movements and a servant of all.

He had been in failing health for some time, but his illness did not concern him too much until about six months ago. He succumbed at the Chatham Hospital, Siler City, Monday. He was buried in the church cemetery.

He was an outstanding citizen in the community and is reported to have made many creditable contributions. He

was one of the organizers of Chatham Farm and Home Organization and is said to have furnished some of the first money to get the movement started. He served on the Trustees Board from its beginning until his death.

His influence was felt in practically every community project in the county. He led the fight for better schools in the community. He was a member of the Chatham-Lee Credit Union and was one of the leading shareholders. He was also a member of the Chatham County Farm Bureau and represented the Bureau as its agent with the Hospital Care Association.

He was born and reared in Chatham County. He was married to the former Miss Sallie Perry, who survives him. There were no children born to the union, but they reared two boys, whom they adopted.

Chatham Farmer Cops Top Honors At 1st Hog Sale

HILLSBORO—C. W. Baldwin, well-known Chatham County farmer and hog breeder, crossed off with top honors here Monday when the first eight-county Feeder Pig Show and Sale, was held, with 275 of the prize pigs being exhibited.

There were 34 pigs from Chatham County. Mr. Baldwin had a litter of 10 pigs, Hampshire, crossed with Poland China, which were judged Grand Champions. The litter averaged almost 70 per pounds per pig, with a total of 695 lbs. The prize for Grand Champions was \$15.00 and Mr. Baldwin received \$21.50 per pig. The show attracted buyers from all over the country.

The Reserve Champion honors went to C. C. Jones, Alamance

County, who exhibited a litter of 9 Tamworth pigs, which averaged 67 lbs. He received \$10.00 as a prize and approximately \$18.50 per pig.

Other entries from Chatham County were made by Lee Jones, Rt. 1, Moncure; N. T. Cotton, Rt. 1, Pittsboro; Buckett, Rt. 1, Pittsboro and J. C. Burnette, Rt. 1, Pittsboro.

Barring tobacco is one of the major costs of producing flue-cured tobacco.

Breed gilts at not less than 225 pounds and eight months of age.

The cotton fiber is a single cell. Abundant feed supplies are expected to lower broiler production costs.

Fall pig farrowing is estimated to be 13 per cent above a year ago.

Our Mr. Nicholas Will Be Pleased To Greet You At The CHATHAM COUNTY FAIR

Enjoy today's fun...

Refresh without filling

Keeping pace with the modern trend to lighter foods, today's Pepsi-Cola, reduced in calories, refreshes without filling. Have a Pepsi—the modern, the light refreshment.
