

Savings And Loan Association's Goal Half Reached In Guilford

GREENSBORO — A campaign to get \$300,000 in deposits required to form a federal savings and loan association reached the halfway mark last week.

The Organizing Committee, headed by E. E. Smith, local politician, has procured subscriptions from 175 members totaling \$152,983 in the first month of its efforts. The group has six months in which to procure the full amount of subscribed deposits.

The amount was swelled by 2,715 with subscriptions at a mass meeting held at the local St. Matthews Methodist Church on last Tuesday night.

L. E. Austin, publisher of a Dur-

ham newspaper, delivered the main address. Speaking from the subject, "Discovering New Frontiers—Rediscovering Old Ones," he said "the institution, planned here tonight, marks a new frontier for our people of Greensboro and the beginning of a new economic foundation for them."

Other speakers appearing included: C. C. Spaulding, Jr., Durham, insurance official and a member of the board of directors of a savings and loan association in that city; J. S. Stewart, Durham City councilman and secretary-treasurer of a savings and loan association in that city; J. S. Stewart, Durham City councilman and secretary-treasurer of a savings and loan association, who spoke on the history of these organizations; Thomas Halston, Winston-Salem credit union official and John Lanford, High Point, attorney; J. A. Tarpley, principal of the local Dudley High School, president.

ENGAGEMENT TOLD — Miss Alice Turlington is the daughter of Mr. and Mrs. Nancy Turlington of Clinton, who announce her engagement to George Williams of Englewood, N. J. The wedding will take place in October.

Ora-Jel Stops Toothache In Merely Twenty Seconds

Curious thought, our toothache and pain in general is not of the fun and bear it school. These tension-filled days, there is no need to suffer from toothache, even when the dentist temporarily cannot be reached. On a journey, for example, or in the middle of the night.

A handy tube of Ora-Jel stops pain in a mere twenty seconds. It is safe and tasteless and the relief lasts for a remarkably long period. Ora-Jel is easy to use. It comes in a tube that works as an applicator as well. It is applied by touching the painful area with the tube.

While Ora-Jel numbs toothache effectively and immediately, it is no substitute for regular visits to the dentist, and consultation with him in case of unusual pain.

For this it is commended by Par-

ents Magazine and recommended by many pediatricians. A product that is a "must" in family medicine cabinets and first-aid kits, Ora-Jel is also a popular and effective alleviator of baby's teething pains. Ora-Jel can be found in all drug stores.

Science Finds New Healing Substance That Promptly Stops Itching and Pain of Piles

New York, N. Y. (Special) — One of the most common afflictions is a condition known as "itching piles". It is most embarrassing for the victim during the day and especially aggravating at night.

No matter what you've used without results—here's good news. For the first time, science has found a new healing substance with the astonishing ability to promptly stop the burning itch and pain. It actually shrinks hemorrhoids—without surgery. Medical science has proved this substance produces a remarkably effective rate of healing. Its germ-killing properties also help prevent infection.

In one hemorrhoid case after another "very striking improvement" was reported and verified by doctors' observations. This improvement was maintained in cases where doctors' observations were continued over a period of months! Among these sufferers were a wide variety of hemorrhoid conditions, some of 10 to 20 years' duration.

The secret is this new healing substance (Bio-Dyne*) — discovery of a world-famous research institution. This substance is now obtainable in ointment/suppository form known as Preparation H. Ask for Preparation H suppositories (convenient to carry if away from home) or Preparation H ointment with special applicator. Absolute satisfaction guaranteed or money refunded.

13 Of 24 Original Founders Of Fraternities Are Alive

CHICAGO — Thirteen of the 24 original founders of Negro fraternities are still alive and pursuing the goals to which they aspired during their days of pioneering, according to an article in the current issue of EBONY Magazine.

The partial results of their pioneering has been 959 chapters and 72,955 men pledged to strikingly similar high ideals in four nationally recognized fraternities.

(44 years), the Phi Beta Sigma has only one surviving founder. He is Dr. Leonard E. Horse. The Sigma men, numbering some 11,335 in 199 chapters, have as their pledge, for humanity.

George B. Kelley, Nathaniel A. Murray, and Henry A. Callie survive the other founders of the first Negro fraternity, the Alpha Phi Alpha. The Alpha, whose aims are the binding of "all the noble, the true and courageous, manly deeds, scholarship, and love for all mankind", have grown from three chapters in 1907 to 271 chapters, with 24,700 members.

Dr. Ezra Alexander, Henry T. Asher, Byron K. Armstrong, Dr. Marcus Felix Blakemore, Dr. Guy L. Grant, and Edward G. Irvin are living founders of the Kappa Alpha Psi. Dedicated to the achievement of career goals and the improvement of social contact, the Kappas list 19,000 members in 234 chapters.

Bishop Edgar A. Love, Frank Coleman and Dr. Oscar J. Cooper are the remaining founders of the Omega Psi Phi fraternity. The Omegas whose principles are scholarship, manhood, perseverance, and uplift have a membership of 18,000 in 623 chapters.
