

## Ministers' Wives Hold First Meeting Of Year

On Tuesday, October 7, at 7:00 p.m. The Ministers' Wives Alliance of Raleigh held their first meeting of the year at the Y. W. C. A. Their president, Mrs. J. A. Forbes, presided at this meeting.

Mrs. J. W. Jones led an inspirational devotion. A beautiful message of welcome was extended by the president. She then asked Mrs. W. M. Williams to lead a prayer for guidance to all ministers' wives of the city that the work this year may be more effective. Mrs. J. W. Jones led a quiet discussion on "How Ministers' Wives May Better Serve In The Community." A question and answer period followed.

All ministers' wives are invited to attend the meetings each first and third Tuesdays in each month, for one hour.

Mrs. Gladys Sherrill will serve as program chairman with many other ministers' wives on the committee.

Mrs. Victory Saunders will serve as membership chairman. Other committees will be announced at the next meeting.

## Fete Set For Fisk Prexy, Grid Team

NEW ORLEANS — Both Fisk University's president and its football team will be honored guests of Dillard University here for the Oct. 12 weekend when Dillard celebrates Homecoming and observes its Founders' Day.

The Dillard Blue Devils will meet the Fisk Bulldogs for the traditional homecoming gridiron contest on Oct. 12. The following day, Dr. Stephen J. Wright, president of Fisk, will be the principal speaker at Founders' Day exercises.

The two schools are traditional football rivals and sister institutions related to the American Missionary Association.

## Intermarriage Inevitable Says Allan Nevine

GALESBURG, Ill. (ANP)—Allan Nevine, professor of history, Columbia University, believes that with the coming of social, economic and cultural equality of the Negro, "intermarriage of the white and Negro races is inevitable."

Nevine made this statement at the Joseph Medill symposium on constitutional questions of the Lincoln-Douglas debates, during the recent four-day centennial festival held at Knox college. His idea is at variance with that of four psychologists who earlier predicted that the arrival of integration would not mean the "wholesale inter-marriage of races."

Said Nevine, "Once the colored race has become socially, economically and culturally the absolute equal of the white race, as it must become if we carry out the precepts of the Declaration of Independence, then intermarriage will become frequent."

"A mingling of the races will proceed with increasing rapidity. Nobody will advocate that as an object, but it will be an inevitable result."

"It is as unpopular to say this in Galesburg in 1958, as it was unpopular for Lincoln to say in 1858 that slavery must be put in the path of extinction."

"But the generation of 1958 must accept this hard, grim fact, not evade it, and must make plans for meeting it."

His suggested "plans" are that, in both the North and South, the Negro must be "raised to a plane in character, cultivation and manners where they will be entirely fit to intermarry with the white race."

### Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery. In one hemorrhoid case after another, "very striking improvement" was reported and verified by doctors' observations. Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place. And most amazing of all — this improvement was maintained in cases where doctors' observations were continued over a period of many months! In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing. All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne) — the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body. This new healing substance is offered in *suppository* or *ointment* form, called **Preparation H**. Ask for individually sealed convenient Preparation H suppositories or Preparation H ointment with special applicator. Preparation H is sold at all drug counters. Satisfaction guaranteed or money refunded. \*Reg. U. S. Pat. Off.
