

Santa's Load Eased As RR's Carry Trees

During the Yuletide Season Santa will get a big assist from American and Canadian railroads as these rail lines complete the moving of Christmas trees for practically the entire United States. According to the Association of American Railroads, the railroads are now at the height of rushing the bulk of more than 40,000 Christmas trees of all varieties and sizes to markets in communities across the nation. The "tree of trees" to be

SEEK TO ENTER SEGREGATED COLLEGE — Looking over copies of their subpoenas, left to right, Barbara Hunt, Mrs. Dinmore and Iris Mae Welch are seen during recess of the trial in Atlanta, Ga., December 8th of their suit to gain admission to all-white Georgia State College. The suit, an effort to end segregation at the state-supported institution, listed members of the State Board of Regents and officials of the college as defendants. (UPI TELEPHOTO).

Mo. Negroes Glad Truman Would Like To Be Named

ST. LOUIS, Mo. — Missouri Negroes were enthusiastic this week over the news that former President Harry S. Truman would like to return to the White House scene. Mr. Truman made his feelings known in Washington recently as he appeared before the National Press Club. The Missourian was asked if he would like to run for Mr. Symington's Senate seat if that Senator is elected President two years from now. "No," Mr. Truman replied, "but I would be interested in being appointed to fill out his term in the Senate." David M. Grant, lawyer and Legislative Research Director for the St. Louis Board of Aldermen commented: "The Negroes of the country would certainly welcome anything that would bring President Truman back to official Washington. Senator Symington's perfect voting record on labor and civil rights matters renders him attractive to us as presidential material and if his election also returned Truman it would be a ten-strike."

New York's Hulan Jack Seeks Anti-Slum Laws

NEW YORK (ANP) — Hulan E. Jack, Manhattan Borough President, has called for changes in the Multiple Dwelling Law to end "dungeon dwellings" in which so many Harlem families with children live in single rooms and share toilets and kitchens with other families. Mr. Jack voiced the opinion that the city's home rule power make immediate changes under. He further suggested that the entire state law on multiple dwellings be revised and simplified. Indications were that Mr. Jack would seek city administration support for his proposals at the executive meeting of the Board of Estimate. The interest in the living conditions under which so many thousands of Negroes have been forced to live by so-called "penny-wise" landlords was stimulated by house-to-house inspection terms alerted by some tragic fires in both Manhattan and Brooklyn. One proposed change of Mr. Jack's would substitute square feet of floor space for cubic feet of room space as the measure of minimum space allowed for each person in a dwelling unit. Another suggestion would be the requirement for separate toilet and kitchen facilities in any single room rented for family occupancy. Perhaps the most important proposal is the one which would permanently outlaw conversion of apartments to one-room units for family occupancy. Mr. Jack, mindful of the difficulties faced by Negro tenants, told reporters that he would endeavor to have a city agency to relocate families forced to vacate slum buildings because of illegal crowding or other building violations.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — The first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain—without surgery. In one hemorrhoid case after another "very striking improvement" was reported and verified by doctors' observations. Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place. And most amazing of all—this improvement was maintained in cases where doctors' observations were continued over a period of many months! In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing. All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne) — the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body. This new healing substance is offered in *suppository or ointment form* called *Preparation H*. Ask for individually sealed convenient Preparation H suppositories or Preparation H ointment with special applicator. Preparation H is sold at all drug counters. Satisfaction guaranteed or money refunded. *See U. S. Pat. Off.
