

Washington Physicians Establish Howard Fund For State's Women

WASHINGTON, D. C. — Howard University officials recently announced the establishment of what is expected to become a \$20,000 scholarship fund for women students from the State of Oklahoma.

The fund will serve as a memorial to the late Mrs. Nellie Weaver Greene, former educator and civic worker. It has been established by her son, Dr. W. Henry Greene, a Washington, D. C. physician, and his wife, Mrs. Gladys Garrett Greene. The Greens, who live at 1725 T Street, northwest, are both Howard graduates.

October 1957 at the age of 84. A retired public school teacher, she had taught in Alabama and Oklahoma for 40 years. From 1913 until she retired in 1946, Mrs. Greene had served as a member of the home economics faculty at Manual Training High School in Muskogee, Okla.

Mrs. Greene had been an outstanding civic worker in Oklahoma and was a past president of the Oklahoma State Federation of Colored Women's Clubs. Through the organization she established scholarship awards which financed the education of dozens of girls. During the summer months Mrs. Greene continued her own education. She was an alumna of five colleges and received her Bachelor of Science degree from Howard in 1939 at the age of 66.

Dr. Greene holds membership in several professional and fraternal organizations, including the Masons, Shriners, Elks, Frontiers of America, Chi Delta Mu Medical Fraternity. He served as national president of the latter organization from 1952 to 1954, and received the fraternity's John

Milton Lee Achievement Award in 1957.

Dr. Greene was an organizer and first president of the Washington, D. C. Pan-Beltic Council, national treasurer of the American Council on Human Rights and served as examining physician for the D. C. Boxing Commission for five years. He is a member of Phymouth Congregational Church.

Mrs. Greene is a native Washingtonian. She was graduated from Miner Normal School in 1922 and the College of Liberal Arts at Howard 10 years later. A teacher in the D. C. public schools from 1924 to 1955, Mrs. Greene formerly served as president of the Washington chapter of Sigma Gamma Rho Sorority and is a member of the Chi Delta Mu Wives. She attends St. Mary's Episcopal Church.

They are to be selected by the Oklahoma State Federation of Colored Women's Clubs. The fund will be administered by the University Scholarship Committee at Howard.

Conrad Clark Says

1959 Must Be "Integration Year" On Civil Rights Front

FOR ASSOCIATED NEGRO PRESS

BOSTON, Mass.—Stories on "Integration" held the No. 1 spot for 1958, and it is sure to follow, but 1959 will have to devote much of time on the subject.

Considered the No. 1 profound statement of the year, might well be the first quote of the statement issued by the American Lutheran Bishops of the United States, and the No. 2 quote that issued by the Council of Bishops of the Methodist Church, affirming its support of the Supreme Court decision outlawing segregation in public schools.

To quote the Catholics, on its stand of "The Road to Equality": "But discrimination based on the accidental fact of race or color, and as such injurious to human rights regardless of personal qualities or achievements, cannot be reconciled with the truth that God

created all men with equal rights and equal dignity."

"The second quote by the Methodist says: 'The decisions of the Supreme Court of the United States relative to segregation make necessary far-reaching and often difficult community adjustments throughout the nation.

'We call upon our people to meet these adjustments in all good faith, with brotherliness and patience.'

'How can and will this true equality be achieved? The only answer that we can truthfully give, and hope that all our readers wherever they are, will put into practice, so that Democracy may not only be just a word, but a reality that breathes and lives as a true answer to outside forces that will ruin our country—if you.

'For not until men replace the hatred in their hearts with the ideals of Christian brotherhood and the real true love of the Babe at

Bethlehem, not until they freely accept the God-given principle that all men are created, will true equality become a reality in our day.'

Such is the wish of a Very Happy New Year to all our readers.

A rather discouraging note on "Integration" came out from San Angelo, Tex. not too long ago, when Sen. Lyndon B. Johnson of the Lone Star State was questioned by some college students.

The students, who were from San Angelo College, were told by the Senator that he is against "forced segregation," but quickly added: "...but I wish the hot-heads on both sides would give us a chance to revolve a solution."

Telling the students that he believed the Civil Rights Commission has subpoena powers, and while he professed opposition to "force integration," he did confess that "we're a little late in our section in recognizing that all men are created equal."

A&T Students To Get Flight Training Now

GREENSBORO — A&T College students, enrolled in the Air Force ROTC program, now will receive flight training along with other courses. The flight training will be offered senior students in the program who have met other qualifications for flying in the Air Force.

The announcement was made in a joint statement released by Dr. Warrick T. Ribbe, president of the college and Maj. Fred L. Allen, professor of Air Science, in charge of the Air Force unit at the institution.

The statement said that the program is designed to qualify graduates of the college as private pilots and to motivate cadets who meet the qualifications for career in the Air Force. The initial classes will begin training on January 12.

Actual flight training will be conducted at the Smith Reynolds Airport at Winston-Salem, under a contract recently consummated between the U. S. Air Force, A&T College and the Piedmont Aviation Incorporated.

The new program will be supervised by First Lieutenant David H. McEvee, who was graduated from the college in 1953 and commissioned as second lieutenant in the Air Force at that time. He joined the Air Force ROTC instructional staff here last spring following active flight duty with the Air Force in Europe.

The new program marks the second venture by the college in flight training. During 1940 and 1941, sixty-odd pilots were trained here under the Civilian Pilot Training program. Several of the students completing the training entered the U. S. Army Air Force and became members of the famed 99th Fighter Squadron, the first all Negro flying unit.

QUEEN OF UNCF — Miss Betty Jeffries, pretty freshman, who hails from Burlington, was elected by the students at St. Augustine's College as the campus Queen of UNCF. Miss Jeffries will represent the college at the 12th Annual Conference of the National Alumni Council of UNCF, which will be held at Bennett College, Feb. 7 and 8. Miss Jeffries is a business major and likes all sports.

An encouraging note on the "trying to unseat Faubus' Man in Congress" is found here in Beantown.

Ray State's Congressman Thomas P. O'Neill is taking a definite stand to have Faubus' man blocked from sitting in Congress, and before his recent departure from Boston to attend the meeting that might have been the opening round to unseat Dale Alford, he said:

"I'm leaving early, and I'm going over the road to make sure—whether there's snow or hail—that I'll be there in this fight for civil rights and what's right."

O'Neill is a key member of the five-man congressional elections subcommittee looking into how Alford scored his surprise write-in victory.

Last week in Washington, the House Elections Committee voted to recommend to the House the not-seating the segregationist, Dale Alford, pending a thorough investigation of his write-in victory over Rep. Brooks Hays of Arkansas.

Last month when House Speaker Sam Rayburn was asked about the contest—following Chairman Wilbur Mills of the Democratic Committee on Committees remark that he (Mills) would "do everything in my power" to see that Alford is accepted and given "a good committee assignment" . . . the Speaker of the House replied:

"I have no comment on that. It looks like there's going to be a fight about it and I'm not saying anything right now."

Your correspondent will give some more facts on the fight about not seating the segregationist in next week's column, but before signing off this week, he would like to quote from "Backstage at the Capitol" written by George Douthett prior to the Nov. 4th elections in Arkansas.

Entitled "Ballot Contains Issues For All—Even Children" on the editorial page of an Arkansas daily, the Democrat Staff Writer wrote:

"For people in the Central Arkansas area there will be the big 'write-in' bid by Dr. Dale Alford for Brooks Hays' congressional post. Normally, a 'write-in' candidate isn't given such short notice as Dr. Alford much of a lookin, especially on has announced his candidacy. But his issue is not the usual issue.

"For instance there is one fellow who operates a small establishment who is a rabid segregationist. He preaches segregation to his customers. When Dr. Alford announced his candidacy, this fellow began asking this question of people coming into his store:

"Can you write?" They assured him they could. Then he had them practice writing the name of "Dale it. The issue of segregation can Alford" and making an "X" beside move people like that in this section of the country." End of quote from the article.
