LOCAL AMPUTEE TO FACE TRIAL

Girl, 11, Sees Dad Pump 5 Bullets Into Mother Here

Victim, 47, Died Asking For Children

Dallas Griffin, 47, was "fingered" by his own 11-year-old daughter as the trigger man who snuffed out the life of her mother Friday night.

Albena Griffin, who, along with her several brothers, sisters and mother lived in an apartment building at 1127 S. State Street, told Raleigh Police Officers Norman Artis and Alfred S. Grady, that her father shot her mother to death before pulling at her "You'll never see any more of your children tonight."

Mrs. Mary Artis Winston Griffin, 47, was dead on arrival at the emergency room of Wake Memorial Hospital, the officers stated. Griffin took refuge in his native town of Clayton, in Johnston Co., where he was apprehended Saturday. He is being held in the Wake County Jail without privilege of bond and will face a preliminary hearing in City Court on Monday, December 16.

He worked on a city garbage truck here for many years, and was believed to have deserted his family several months ago.

Albena said Griffin "told my mother to open the front door, and then pushed his way inside the apartment and shot at her five times."

"My mother told me to run and get the other children and she ran with me out of the apartment as my daddy fired two more bullets at her."

Mrs. Griffin was found bleeding from the chest and mouth on the outside of the apartment building, when officers arrived.

NEW YORK (ANP)—The New York City police assigned a police guard to NAACP executive secretary Roy Wilkins last Friday after three death threats were phoned to the NAACP National office.

One of the callers reportedly said, "Kennedy's gone, and Wilkins is next," while another said, "You're the number one target now among the niggers."

Although Wilkins and NAACP officials have received at least weekly threats, some officers felt precautions should be taken, and police were called.

The calls came within a few hours after President Kennedy's assassination. Detectives were assigned to provide a 24-hour guard around the NAACP executive secretary.

A spokesman for Police Commissioner Murphy refused to comment on whether any other local Negro leaders had received similar threats, or if they had assigned guards to any other civil rights leaders in the New York area.

Defense Against Sneak Attack Could Be Hindered

NEW YORK — If an enemy launches a surprise air attack against the United States, at least one officer at Strategic Air Command headquarters may not be able to get to his post on time.

The reason: Jim Crow. At Offutt Air Force Base, the SAC nerve center 13 miles south of Omaha, every man presumably can be at his post within 15 to 30 minutes to help mount a retaliatory punch.
