UNITED NATIONS DAY AT NEWBOLD

October 23 was observed as UN Day with culminating activities reflecting meaningful learning experiences about the UN and some of its member nations.

Chapel programs featured songs, dances, games and instrumental music characteristic of UN nations studied in the grades.

Explanations of the purpose and organizations within the UN were given by the third and fifth grades. The UN dinner was colorful and delicious.

The menu was curried chicken and rice a la India terenered by a salad and Irish gingerbread.

Special guests were: Dr. and Mrs. C Thomas (India); Dr. Chav. Dr. Lin, Mrs. Thompson, Mrs. Lula Education, Fayetteville State Col-lege; Mrs. Monroe (retired Super-ed the observance.

FAYETTEVILLE STATE PROFES SOR CLIMAXES CHESTNUTT ED. WEEK OBSERVANCE

Dr. Walter Pace, director of Secondary Education Student teaching at Fayetteville State College, climaxed the American Education Week Observance at Anne Chestnuit High School, with an illustrious speech on the theme, "Education Pays Dividends."

In the Friday morning assembly. Dr. Pace told the attentive audience that education is the media through which we raise our standard of living. He warned that there are many fallacies that are not to be taken per se. No one is ever completely educated, because the more one learns, the more he realizes how little he knows.

The speaker observed that the American Education Week theme is especially true for the Negro, because it is only through education that we may obtain security, re-

spect and keep abreast. The devotional part of the program was carried out by Brenda Jones and John Pore, with music by the Chestnutt Choral Club, ably directed by Mrs. G. D. Johnson. Closing remarks were made by the principal, Mr. W. E. Murphy. In a Tuesday afternoon assem

After the judge's directed ver-dict of "not guilty," for lack of sufficient evidence to send the case to a trial jury, Defense Attorney John J. Burney, Jr., asked the Court for permission to make a statement in order to completely vindicate Dr. Eaton.

In his statement, Burney said that the two witnesses for the defense were standing by, one, Dr. Geoffery Mann, Chief Medical Examiner for the Com-monwealth of Virginia, who was prepared to testify that the deceased patient, Miss Al-ma J. Frederick, died, in his nion, as a result of a penicillin reaction as was originally certified by Dr. Eaton, the attending physician. The next witness standing by to testify was Dr. Frank Johnson chief of the Basic Sciences Division of the U.S. Armed Forces Institute of Pathology in Washington, D. C. Dr. Johnson was pre-pared to testify that he had positively identified by three different methods the "foreign material" which Dr. George Lumb, Dr. Milton Helpern and the Dr. Teabeau had testified was a "foreign substance." He was prepared to state down red blood cells and not a "foreign material."

At press conference following the trial, Defense Attorneys John J. Burney, Jr., George Rountree, , and Robert R. Bond issued the

There are indications that there will be in attendance one of the largest crowds ever to attend a Founder's Day Service. This is due to the recent progress of the school under the administration of the president, Dr. James E. Cheek, the elimination of indebtedness, the launching of the five million dollar Development Campaign, and an awakened alumni. Already, pledges are being received daily from the alumni, ranging in amounts from \$250 to \$1,000 to be paid over a period of five years.

The alumni goal is \$1,000,000, to be contributed in full by 1970.

Dr. Davis, Special Director of Teacher Information and the Security Program, NAACP Legal Defense Fund. Inc. will be the guest speaker for the occasion. Let the word go forth from this time and place, to friend and foe alike, that the torch has been passed to a new generation of Americans-born in this country, tempered by war, disciplined by a cold and bitter peace, proud of our ancient heritage,-and unwilling to witness or permit the slow undoing of those human rights to which this nation has always been committed, and to which we are committed today"

I remembered how he pledged himself to the protection of the dignity of newly emerging African nations:

"To those new states whom we now welcome to the ranks of the free, we pledge our word that one form of colonial control shall not have passed merely to be replaced by a far more iron tyranny. We shall not always expect to find them supporting our every view. But we shall always hope to find them strongly supporting their own
