

# Gifts for WOMEN

In order to help further the idea of doing Your Christmas Shopping Early, I am beginning to do my holiday advertising in advance on account of the mail order business on which I especially want to give service. At this season of the year when the little folks have already begun to look forward to the coming of Santa Claus, we should all be making preparations for the season of Good Cheer. Givers of gifts have long since abandoned the old custom of giving trifling trinkets of little or no value. The things on display at our store are truly "Gifts that Last." From the baby's small gold band to the very finest of genuine diamonds can be found here, and without question it is the most complete Jewelry store in all of the Northwestern Carolina Mountain Region. Persons living at a distance would do us a favor by sending in mail orders as early as possible, in order to give us time to do the desired engraving, or make any alterations wanted. We are giving you this week only a few of the prices. If possible we would like for you to call in person and examine our exclusive and distinctive line.

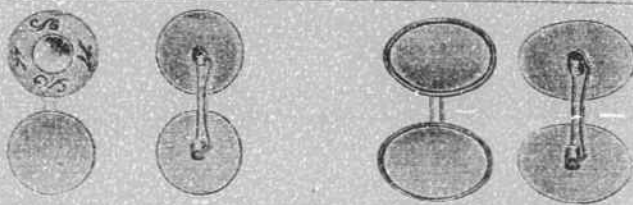

In order that those who do their Christmas shopping early may more readily decide upon the gifts for each of their friends we are offering a few suggestions:

## GIVE A GIFT OF JEWELRY

Gifts of jewelry have been the chosen gifts throughout the countless ages. A gift of jewelry carries with it a feeling that nothing else can convey. A well selected gift of jewelry is something that is constantly reminding the owner of the thoughtfulness of the giver. No Anthony ever showered upon some Cleopatra a miscellany of gifts of everything from house furnishings to wearing apparel—No. Jewelry was the gift—the gift of love!
