We want 1924 to be the biggest year of the Association. Will you do your part by taking paid up or installment stock. Either of them will pay you six per cent on every dollar you put into the association,

Since the Building and Loan was organized in 1921 we have assisted in building more than one hundred homes and churches.

The Building & Loan of the United States has more than six million subscribers and more than \$3.000,000,-000 of money loaned.

Let's get behind a home institution that will help our native county and help those to own homes through the Building & Loan that could not own them any other way.
