Severe Pains in Side

"I HAD had quite a bad spell and sickness," writes Mrs. Emma Patrick, of Caney, Ky., "and it was an effort for me to go about my home. I had a very severe pain in my left side that almost took my breath at times. I lost my appetite. I grew thin, pale and lifeless. I fell off till I only weighed about 115 pounds. Cardui was recommended to me and by the time I had taken one bottle I saw it was what I needed. I ate more and

rested better. I kept taking it and my skin and flesh took on a more healthy color. I felt stronger and, as the nervousness left me, the pain in my side was less severe. After taking nine bottles, I eat anything, go anywhere and feel fine. I weigh 160 pounds and am well. I feel that I owe it all to having used Cardui."
