

Dr. Frank Crane Says:

RIGHT INHERITANCE EASY TO GIVE

Most normal men and women live for their children.

Beyond getting what satisfaction they can out of their own lives, they want to see their children get satisfaction out of their, they want to see they have a better chance and more advantages than they themselves had.

Just how to accomplish this requires much thought and calls for all our intelligent planning.

It is pretty well established that leaving your children a lot of money does them no good. More wrecks have been caused, more lives ruined and more characters undermined by having things made too easy for children, by giving them too many unearned advantages than by anything else.

It may be safely concluded that if any man has a grudge against his children and wants them to be failures the surest way is to leave them a lot of money.

Thinking people know that other things, such as character and the like, count more than money.

Just how to leave our dear ones what they require is rather difficult.

In the first place, we ought to do what we can to bequeath to them an orderly and law-abiding society, a state in which the laws are respected and obeyed. People, therefore, that countenance bootlegging and other illicit acts which happen to be popular, are working for a state of society which will be inimicable to the coming generation.

The second thing is character. It

is our duty to our children to give them a good biological inheritance.

This we can do by living clean lives ourselves and, in the final analysis, most of the good we do other people depends on how well we take care of ourselves.

If the children are healthy and strong and normal physically the next thing they need is moral character.

Unfortunately, this is a more difficult thing to come at. Out of many a family with the highest ideals and the most blameless practices can come a descendant who is absolutely lacking in moral stamina. About all we can do is to give as good an example as possible and good teaching. The result then is in the lap of the gods. We can't help it and we are not to blame if the young seton

comes out crooked. It is lamentable, but it is inevitable.

Another thing we can leave our children is friendship and association with the right kind of people. This we can do by associating with the right kind of people ourselves.

The best that can be done, in a nutshell, is to know our children, be companions with them and influence them by our own character as much as possible.

WITNESSES INTIMIDATED IN ALABAMA FLOGGINGS

Birmingham, Ala., Oct. 18.—Intimidation of flogging case witnesses in Crenshaw county to the point of driving them from their homes was revealed tonight in a statement to

the Birmingham Age Herald by Attorney General C. C. McCall.

Mr. McCall said he told the victims to use any manner and degree of force necessary to protect themselves and their homes. The attorney general, in bitter words, reported that many of those whose homes had been invaded by nocturnal visitors were not only in a pitiable state of fear but in many cases were in actual financial need since they had been forced to abandon making

a living in their fight.

Mr. McCall said he would report the matter to Governor Graves at once and would take any steps necessary to protect the witnesses. He issued a fiery warning addressed to "defendants in the flogging cases and members of the Ku Klux Klan" in which he promised arrest and severe punishment.

Now Read What 11,105\* Doctors say About Lucky Strike Cigarettes Because "It's toasted"

Paul Whiteman, Noted Orchestra Leader, writes:

WHAT is the quality that Giacomo Rimini, Margaret D'Alvarez, Cosare Formichi, Armand Tokatyan, Emma Trentini, William Faversham, Florence Reed, Paul Whiteman, and other famous singers, actors, broadcasters and public speakers have found that makes LUCKY STRIKES delightful and of no possible injury to their voices?

For the answer we turned to medical men and asked them this question:

Do you think from your experience with LUCKY STRIKE cigarettes that they are less irritating to sensitive or tender throats than other cigarettes, whatever the reason?

11,105\* doctors answered this question "YES."

These figures represent the opinion and experience of doctors, those whose business it is to know.

"It's toasted"

No Throat Irritation—No Cough.

"It was but recently, when I started to act as master of ceremonies with my band at the Paramount Theatre, that I realized how vital perfect voice condition was to a performer. I have always been a consistent smoker and, fortunately, Lucky Strikes were my favorite brand. Like their toasted flavor and, best of all, I can smoke as often as I like without fear of irritating my voice, which is becoming a great asset in my work."
