I. Jesus' Invitation to the Weary Disciples (vv. 31, 32).

Jesus' Compassion for Human

apostles had just returned from an evangelistic tour in Gall-lee with a report of what they had done and taught. Their try occasioned no little stir. Besides, Jesus Himself continued to preach. As a result of their combined ministry, the commotion was so great that there was no opportunity for resting or eating. In such a time of need Jesus invited His disciples to retire from the crowd and rest. In order to do this they departed privately by ship for a desert place. Periods of withdrawal from the crowd in fellowship with the Lord are necessary after evangelistic campaigns. They serve a double purpose, i. To get the eyes of the ministers

off themselves and their work. 2. To prevent despendency for their failures.

II. Jesus Teaching the Ignorant Multitude (vv 33, 34)

1. Thronged by the people (v. 33). The wonderful words and works of the Lord and His disciples brought the multitudes to them. To escape the throng they took their departure for a desert place (v. 32). Seeing the Lord and His disciples depart, the people from the surrounding cities articipated their landing piace. and proceeding thither, welromed the ship upon its arrival.

2 The Lord moved with compassion (v 34)

Instead or becoming irritated by the intrasion of the crowd His heart was moved with pity. His personal interests were forgotten as the needs of the shepherdless sheep upon His notice, therefore He began to teach them many things. Jesus is now the same compassionate Savier, touched with the feelings of our infirmities (Heb. 4:15).

III. Jesus Feeding the Hungry Multitude (vv. 35-44).

1. Conference with the disciples (vv. 35-38).

(1) The disciples request that the multitude be sent to the surrounding villages to buy bread (v. 36). Accord-Matthew, Christ made the proposition that the multitude be fed (Matt. 14:16). (2) Jesus commands them to feed the multitude (v. 37). (3) The disciples' perplexity (v. 37). They began to calculate as to the amount of provisions required. They asked the Lord whether they should go and buy two buildred pennyworth of bread. Their perplexity was due to the fact that they were depending upon their own resources instead of Christ To be face to face with the humanly impossible has a threefold benefit. (a) It makes us realize our dependence and Christ; (b) Drives their husband, us to Clim for help in bur need; (c) Can't you see yourself as you hen coupled with the Lord's ability.

down and partake of the provision Even after the bread had been blessed by the Lord and distributed by the disciples, they would have famished with hunger had they not partaken of the food. Unless the people re-ceive Jesus Christ and the salvution which He has provided they shall elemally starve. The Lord has done His part. The disciples are under selemn obligation to do their part and the flual responsibility rests upon the people.

Obedience

Obedience is the secret. Not slav ish obedience, but sympathetic, loving eager obedience. May the law of holiness be to me welcome as the light, sweet as the dowers, more to be desired than much fine gold !-- W. L.
