## MAKES EFFORT TO SAVE THE CHESTNUT TREES

Asheville.—Twenty thousand chestnut trees will be planted on the Blue Ridge watershed of the City of Asheville this fall by the Appalachian Forest Department Station, according to an announcement made recently.

Both sections of the station and Station Wright, city engineers, have just selected a suitable location for the planting. The chestnut is being raised in the Western North Carolina by the Government experts as a possibility for replacement of the native chestnut which is being killed out by the blight. It is hoped that the blight and the native chestnut may cross, forming a bluish chestnut characteristic of the native species.

Ten hundred ewes and one yearling Hubbard bull were added to the breeding stock of Alleghany county farmers last week.

## RESOLUTIONS OF RESPECT

We the members of the W. M. S. of the Cove Creek Baptist Church feel deeply the loss sustained in the going of our dear sister, Mrs. Mary Perry, wife of Professor W. Y. Perry, who departed this life October 9, 1936.

Mrs. Perry professed faith in Christ early in life and joined Cove Creek Baptist Church, remaining faithful in her church, Sunday School and W. M. S. activities as long as her health permitted. She will be missed but we realize that our loss is her gain.

Sister Perry realized that for some time that the crossing was near and talked of going as she would if planning for a trip.

"We cannot say and we will not say, That she is dead. She is just away." Therefore be it resolved:

First: That while we miss her sadly, we bow in humble submission to the will of our Heavenly Father who in his infinite wisdom doeth all things well.

Second: That we extend to the family and other near relatives our sincere and heartfelt sympathy, realizing that there is a void in the home that can never be filled.

Third: That we send a copy of these resolutions to the Watauga Democrat for publication, one to be sent to the family and one to be placed on our minutes.

MRS. A. I. GREENE,  
Committee.

## HOOVER PICKS BOARD TO COPE WITH WINTER UNEMPLOYMENT

The group, composed of Secretaries Lamont, Davis, Wilbur, Hurley, Hyde and Mellon and Governor Meyer of the Federal Reserve Board, is to formulate and submit to Mr. Hoover plans for continuing and strengthening organization of Federal activities for increased employment.

The decision to name the committee came after a series of business conferences between the chief executive and financiers at which short selling on the stock market was one of the subjects discussed.
