CAROLINA THEATRE REOPENS WITH SMASH ATTRACTION

The way of the United States Government against the master criminals of the nation has been made into a thrilling drama by First National Pictures, and with James Cagney in the stellar role, will be seen at the Carolina Theatre on Friday and Saturday, May 24-25.

Those fearless secret service men whose exploits in rounding up the arch desperadoes of the country have been told in newspaper headlines for the past year are called "G men," and "G Men" is the title of the screen's first dramatization of their battles with public enemies.

The picture follows the career of one of these "G men" from the time he joined the Federal service, through his training period, through machine gun battles with gangsters to a thrilling climax in which he finally rounds up, and exterminates, a gang of murderous kidnapers.

A regular program of the Carolina appears in this issue.
