

NEWS OF PAST WEEK ABOUT STATE CAPITAL

(Continued from Page 1)

trucks, a big gain over the 4,304 cars and 956 trucks bought in August last year, but a decrease from the 6,033 cars and 1,430 trucks bought during the preceding month of July.

NEW MANAGER N. C. RAILWAY

H. P. Crowell, manager of a short-line railroad in Maine, has been named as manager of the Atlantic and North Carolina Railroad, Morehead City to Goldsboro, and will assume his new duties as soon as he can resign from his present job and make the necessary preparations. The "Old Mullet" line is to be taken over by the State, which owns the majority stock, because rents were not paid and the roadbed neglected, on which the State broke the lease. The new manager was named by a committee of the directors. He conferred Friday with Governor Ehringhaus, who said he gives promise of being the proper man.

INSURANCE MEN LICENSED

Out of 129 persons taking the examinations to sell insurance in North Carolina during the month of August, 93 passed the tests given by the State Insurance Department were issued licenses, 36 failing. Insurance Commissioner Dan C. Boney reports. Two of those passing were women, Miss Mary Louise Taylor, Elm City, and Miss Ellen Marie Jensen, High Point.

DISPLEASED WITH WEED PRICE

Congressman Frank W. Hancock Jr. has wired Secretary of Agriculture Henry A. Wallace asking that he do what he can toward raising the prices of flue-cured tobacco sold on the N. C. markets, stating that present prices are not in keeping with prices of other commodities and will not give the growers the buying power desired and needed to improve business. Prices on the markets that have opened in the State so far range from 18 to 22 cents a pound. Much of the leaf offered is ground lugs. Prices are lower than last year.

PARALYSIS SCARE OVER

The infantile paralysis scare has subsided in North Carolina, front page stories daily giving way to occasional inside paragraphs. However, the schools of the State, now opening, will average two or three weeks later in beginning than formerly. Openings are controlled by the local school boards, subject to approval of local and State health authorities. In a few cases the lack of textbooks held up openings, but shipments of books have been going out under the rental plan for two or three weeks and children of the State will all be supplied within the next few weeks. All, or about all of the schools are expected to be running before the end of the month. The delay will cause them to run that much longer in the spring, most of them ending the school year in May.

BRIDGE PROJECT

The State Highway and Public Works Commission has agreed to put up \$1,500,000, and \$1,800,000, if necessary, on a \$4,800,000 bridge and highway project for the northeastern section of the State, the Albemarle, including three major projects, if the WPA will put the rest of the money needed, and sent Chairman Capus M. Waynick to Washington to urge the program or any part of it. Projects proposed are: a bridge across Albemarle Sound, with highways connecting U. S. routes 17 and 64 on either side; bridges across the Alligator River and Croatan Sound, with 31 miles of highways connecting, giving a direct route to Manteo; and a hard-surfaced highway down the banks connecting Nags Head with Hatteras, with bridges over Oregon and New Inlets. The projects were proposed by R. Bruce Etheridge, of Manteo, director of the Conservation and Development Department.

TO PROTEST ALLOTMENTS

Governor Ehringhaus has asked the other members of the committee named at Chapel Hill last week by a meeting of State, city, county and school officials to protect against apparent discriminations against North Carolina in approving WPA projects in Washington, to plan to meet this week in Washington to lodge the protest, Governor Ehringhaus was warning to see if the authorities would ease up on turning down State proj-

PAUL FEELS FINE

King of Jazz Enjoys First Oysters of Season.

NEW YORK—Whether or not Paul Whiteman, king of jazz, believes the old legend that those who eat the first oysters of the season protect themselves for the winter, is not known. But he did agree to dine on them to let America know that the "R" season is here again.

He was sick the last half of the week with neuritis; Senator Bailey was on the coast fishing; Senator Reynolds is on his jaunt of the nation; and Congressman R. L. Dougherty was in this State, as he announced, to see about the matter of North Carolina projects.

GRIFFIN SUCCEEDS MARTIN

Senator Lloyd E. Griffin, Edenton, new secretary, met with the State School Commission last week. He will take over his duties September 16th, when LeRoy Martin, secretary since the old State Board of Equalization was formed, will begin his new work with the Trust Department of the Wachovia Bank & Trust Co.

Randolph Guernsey breeders sold a car of 23 cows, heifers and one bull in Florida last week for \$2,000 net.

Bethel High School Has a Good Opening

Bethel High School opened August 29th with an enrollment of 68 high school students and 120 in the grades. So far, the average is sufficiently large to secure another teacher. The people are looking forward toward the erection of a new school building which is so badly needed.

The school spirit among both the students and patrons, so far seems to be splendid. So far as is possible, the honor system is being adopted among the high school students. While it is assumed that the students will do good work in their text books, the main thing that is stressed under this system is purely and simply "good behavior." Those who shall be eligible to get on the honor roll at the end of each month and whose names shall be published will be divided into two classes. First, those who measure up to the standard, both in their studies and in their conduct. Second, those who make an honest effort in their studies and may not be able to make the grades, but who do make good in deportment.

Critics will be appointed from among the high school students to report at chapel each Friday such things as are thought to be helpful to the school.

Efforts are going to be made to secure playground equipment so that every child in school will have an opportunity to play at the recesses and at the noon hour.

At a later date the Newspaper Club and Literary Society will be organized.

Sabbath School Society Grows

In 1785 a Sabbath School society was organized in England and in ten years its membership had grown to 65,000.

NOTICE OF SALE OF LAND

Under and by virtue of the power of sale contained in a certain deed of trust executed by Rodney C. Greene (unmarried) and Charlie E. Elrod (unmarried), dated May 12th, 1927, and recorded in Book 9, page 363, in the office of the Register of Deeds for Watauga County, North Carolina, default having been made in the payment of the indebtedness thereby secured, and demand having been made for sale, the undersigned Trustee will sell at public auction to the highest bidder for cash, at the Courthouse door in Boone, N. C., at twelve o'clock noon, on the

9th day of October, 1935,

the following described property, located in Watauga County, North Carolina, in Blowing Rock Township, adjoining the lands of H. B. Triplett, C. M. Shore, Louise Cannon and Bethesda Lentz.

BEGINNING at a Spanish Oak, corner of the home tract, running thence South 10 degrees east 43 poles to a stake; thence North 83 degrees East 96 poles to a stake; thence South 83 degrees East 7 poles to a stake, H. B. Triplett's corner; thence South 10 poles to a poplar; thence South 35 degrees east 41 poles to a stake; thence South 18 degrees West 40 poles to a stake; thence North 87 degrees West 26 poles to Hornbeam corner; thence North 55 degrees West 75 poles to a maple; thence North 85 degrees West 73 poles to a chestnut; thence North 57 degrees West 9 poles to a locust; thence North 10 degrees East 5 poles to a chestnut; thence South 84 degrees West 22 poles to a stake; thence North 5 degrees East 54 poles to a chestnut; thence West 44 poles to a Spanish Oak; thence West 32 poles; thence West 43 poles to a stake, C. M. Shore's line; thence North 100 poles to a sugar tree's sprouts; thence East 20 poles to a Spanish oak; thence North 10 degrees East 22 poles to a stake; thence East 10 poles to a chestnut, Bethesda Lentz's corner; thence South 70 degrees East 29 poles to a stake; thence South 20 degrees East 4 poles to a stake; thence South 2 degrees East 9 poles to a red alder; thence South 65 degrees East 4 poles to a stake; thence South 83 degrees East 14 poles to a chestnut; thence North 73 degrees East 16 poles to a stake; thence South 48 degrees East 13 poles to a stake; thence East 20 poles to a stake; thence South 26 degrees East 12 poles to a stake; thence South 14 degrees East 10 poles to a stake; thence South 46 degrees East 6 poles to a stake; thence South 85 1/2 degrees East 13 poles to a stake; thence North 79 degrees East 8 poles to a stake; thence South 82 degrees East 46 poles to the BEGINNING, containing 182 acres, more or less. For conveyance of the above property to Rodney C. Greene, see deeds as follows: Book 31, Page 446; Book 24, Page 368, and Book 36, Page 193, all in the office of the Register of Deeds for Watauga County.

The purchaser at the sale will be required to make a deposit of five per cent of the purchase price.

This September 3rd, 1935.
