Missionary Society In Meeting At Mt. Calvary

For twenty years, the Baptist Women of Three Forks Association have been meeting annually to consider improvement, accomplishment and other phases of the work of God's Kingdom in our midst and in far-off lands. This year the meeting was at Mt. Calvary Church near Banner Elk.

The morning session began with devotional exercises led by Mrs. R. L. Wagner. Greetings to visitors were appropriately given by Mrs. M. K. Carswell, followed by response by Mrs. James B. Mast.

"The Progress of the Banner" was the watchword, and it was discussed in its varied phases. Mrs. Frank Miller gave a talk on "Personal Service," Mrs. D. F. Horton on "Stewardship," Mrs. Ethel Hodges on "Prayer." Then followed a pageant, with special music by several members of the Boone Society. The D. P. Dougherty Memorial Library report was given by Mrs. W. C. Greer, and the annual report of Superintendent by Mrs. J. L. Qualls.

The principal address of the morning was given by Miss Sara Funderburk, for 13 years active missionary in South China.

The ladies of Mt. Calvary served a delicious lunch out on the lawn, where fellowship and good cheer mingled in happy blending.

The afternoon session opened with Rev. Mr. Murray, minister of the local Presbyterian Church, conducting devotional. Then Rev. J. C. Canipe gave a talk, "The Romance of Missions." Mrs. D. P. Coffey discussed the Margaret Fund, and Mrs. J. C. Canipe, the Baptist Training School in Louisville. Interesting reports noting progress, were given by leaders of various young people's organization, in charge of Mrs. Nora Mast Wilson. Miss Irene Sheffield read Scripture and led prayer, preceding an inspirational talk on the work in China by Miss Sara Funderburk.

Electing for the coming year Mrs. J. L. Qualls for superintendent, and Mrs. Don Perry, secretary, the meeting adjourned with a vote of thanks for Mt. Calvary's hospitality, to meet with the Cove Creek Church next year.

RESOLUTIONS OF RESPECT

Snow Lodge is in mourning for Brother Russell Dean Swift, whose demise took place on July 17, 1935. On October 22, 1893 he was born, being the son of the late George and Jane. He spent his entire life in this county, except the two years that he served his country as a soldier in France. In 1921, he married Miss Crete Hagaman. She and two sons remain to mourn his going.

The good Master has called him to that Perfect Lodge where death does not enter. In the going the Lodge has lost a worthy member, the state a model citizen, the school an able teacher, the church an upright member, and his family a good husband and father; therefore, be it resolved by Snow Lodge:

1. That it extend its sympathy to the bereaved family.
2. That copies of this resolution be made a part of the record, sent to the family, and published in the paper.

way behind the school building for the school buses is being surfaced. A science laboratory is to be built in the remaining undeveloped space in the basement of the high school building when the present work is completed.

Library Need Cited

One of the greatest needs of the school is better library facilities. The teachers of English, Misses Love and Worthington, have requested the 245 students of their English classes to bring a bushel or more of some surplus commodity, potatoes or anything as a donation for books. Mr. Farthing is working with them and he would pool the commodities and the proceeds would go to purchase new books for the library. Parents are urged to co-operate in this undertaking with their children and with the school.

Come to the fair Friday and Saturday and help make it a success.

WOULD ASSIST IN ADJUSTING DEBTS

Local Committee Is Named To Aid In The Adjustment Program.

Work of the volunteer debt adjustment committee in Watauga county is being continued and expanded under the supervision of the Resettlement Administration. J. B. Horton, Cove Creek, N. C., is chairman and Newton Cooke, Boone, N. C., secretary of the local committee. The debt adjustment program, inaugurated in 1935 by the Farm Credit Administration, has been transferred by President Roosevelt to the Resettlement Administration. An allocation of two million dollars from the Works Relief Fund has been made to carry on the program throughout the nation.

Members of the volunteer committee have received no compensation. Many of them have even paid their own expenses when, as was often the case, their duty called for travel. The allocation made for this work is to be used to defray expenses of the volunteer committees and for supervisory services.

The county committees were appointed for the purpose of trying to avert court liquidation by preventing bankruptcy or foreclosure. It is their duty to attempt to bring debtors and creditors together, to see if an amicable adjustment, mutually satisfactory, can be arranged.

In addition to settling thousands of individual cases, including a number in this county, county committees have had great influence in the restoration of credit stability and in developing the practice, on the part of all creditors, of making reasonable adjustments to avoid court liquidation.

Farmers who are in financial distress should consult a member of their county committee. The committee members for this county are: W. R. Walker, Boone, N. C.; P. T. Greer, Boone, N. C.; and T. C. Baird, Valle Crucis, N. C.
