(Continued from Page 1)

versity of North Carolina and Virginia, and other prominent leaders in the state. He spent two summers in education studies at the State University, is a Baptist, master of the Snow Hill Lodge or Masons and president of the Alderman Historical Association. He is married and has two children.

In his announcement, Mr. Alderman set out a school program, including the stressing of useful vocations, to meet the needs of the masses, rather than as college requirements, eliminate politics in selecting teachers, seek laws to guarantee tenure, sick leave and pension retirement fund, lighter teacher loads and higher salaries when possible, improved transportation, instruction, recreation and health facilities. He would continue the State School Commission, or a similar agency, an eight months term with local supplements for longer term, higher pay, neither advocating nor opposing any particular form of taxation, but leaving that problem to the elected representatives.

Mr. Alderman will oppose Clyde A. Erwin, from Rutherford, named by Governor Ehringhaus to fill the unexpired term of the late Dr. A. T. Allen.

MORE CANDIDATES

Entrance of A. B. Alderman, Snow Hill, into the political race for head of the state schools, is the first announcement since the early entry of five candidates for Governor, three for Lieutenant Governor, and two against the incumbent for Secretary of State, not to omit the candidacy of R. T. Fountain against Senator J. W. Bailey. While there is intimation that W. Kerr Scott, Haw River, may oppose William A. Graham for Commissioner of Agriculture, he has not announced. However, during the next two or three months many more candidates for state offices may be expected. It will be the entry time for those who will seek the Democratic nominations in the primary next June.

HUNTING AND FISHING RULES

Regulations governing hunting and fishing in the state have been issued in two forms for wide distribution. One is a card folder giving extracts and the principal features of hunting and fishing laws. The other is a small pocket-size booklet containing the texts of all game and fish laws and regulations, with the laws enacted by the 1935 General Assembly.

DON'TS FOR HUNTERS

A series of "don'ts" has been issued by John D. Chalk, state game and inland fisheries commissioner, all of which are merely common sense and proper conduct for hunters during the approaching heavy season. They are designed to prevent hunters from performing improper acts while hunting, intended primarily to protect the hunters and their fellow sportsmen, or others in the vicinity.

TOBACCO SALES

October tobacco sales at North Carolina warehouses amounted to 172,873,158 pounds, sold for an average of \$22.86 a hundred pounds, as against 116,946,318 pounds sold in October last year for an average of \$33.67 a hundred pounds. The State-Federal Crop Reporting Service shows that \$33,878,851 pounds had been sold up to November 1, which is 17.9 per cent. more than was sold to November 1, 1934. Prices last year encouraged early marketing, but this year the reverse is true. This year's yield is larger, due to closer spacing of rows and plants, heavier fertilization and higher topping. Stands were good and weather conditions favorable. But the quality has been poorer this year, the crop report shows.

FOR CRIPPLED CHILDREN

A State League for Crippled Children is to be formed at a meeting of the representatives of civic clubs, women's clubs, American Legion and Auxiliary Parent-Teacher and fraternal organizations, to be held in the state capitol here Saturday, November 23, at 9:30 o'clock. The meeting is called and invitations sent to 1100 people by H. L. Stanton, supervisor of vocational rehabilitation. The league will affiliate with the International Society for Crippled Children and will seek to get proper care, treatment and attention for the crippled children of the state. The Social Security Act carries \$3,000,000 for this type of work. Speakers include Governor Ehringhaus, Dr. O. L. Miller, Charlotte, orthopedic surgeon; Frank Barber, Asheville; Mrs. W. T. Bost, State Supt. Clyde A. Erwin, and a representative of the International Society.

PICK McDONALD STAFF

Already they're picking the "McDonald Cabinet," officers Dr. Ralph McDonald will appoint when and if he becomes Governor. The first is Senator-Doctor J. T. Burrus, High Point, who rumor sates for chairman of the State Highway and Public Works Commission. That had its inception in the bitter fight Dr. Burrus had with Capus M. Waynick, present chairman, for the Senate seat from Guilford last year, the un-

disguised dislike Dr. Burrus has for the highway department, its chairman, and the man who appointed the present chairman, Governor Ehringhaus.

SEEK FIVE-DAY LEAVE

School folks, head by State Supt. Clyde A. Erwin, Miss Oma Lafferty, Charlotte, head of the classroom teachers of the state; Mrs. W. B. Aycock, president of the State Parent-Teachers, and others, have asked Governor Ehringhaus to see if he can find some way to get the five-day sick leave for teachers, as provided in the school machinery act, but for which the General Assembly failed to provide sufficient funds. School folks feel they were too late and at a disadvantage, as Dr. Ralph McDonald, candidate for Governor, had already had a stormy session with Governor Ehringhaus and had peevish him by the demand that the Governor do something about it—even though Dr. McDonald was a member of the General Assembly which failed to provide enough money for the 20 per cent. salary increase or the sick leave.

POLITICAL PROPOSALS

There's a peculiar sort of feeling creeping into the race for Governor, more felt than talked, but sometimes mentioned. It is that there should be some kind of a get-together by A. H. (Sandy) Graham and Clyde R. Hoey, candidates, so there will be a scattering of votes which may be needed to "beat McDonald," Dr. Ralph W., who is reputedly making the fur fly. Some of the wiser ones are now wondering if McDonald does not have a chance, especially since there are two candidates whose platforms, generally speaking, at not so far apart, Graham and Hoey. Also, they are wondering if it would not be wisdom to have only one of them opposing Dr. McDonald, who is looked upon as an "outsider," a "freshman" or an "overnight growth" trying to take charge of the state's affairs. Talk is that Hoey is older and would be too old eight years later, and that Graham is young and would be in his prime for the job in eight years. However, there's not the slightest intimation that either of them would give way to the other.

PETERSON IS ARRESTED

Clarence Peterson, who made a sensational escape from State's Prison last August with Dwight Beard, was captured by Asheville and Knoxville, Tenn., police Friday in Knoxville at a bus terminal, after he had bought a ticket for California. He was serving a 25 to 30 year sentence for murdering an Asheville policeman. Beard, who escaped with him and is still at large, was sentenced to death for murdering a Valdese merchant in Burke county, but the sentence was commuted to life imprisonment. They were at work near a gate, changed unseen into honor grade clothes and walked out the gate, probably catching a freight train. Beard was formerly a State College student, and acquired the name of "society robber" in Minnesota because he would get invitations to wealthy homes and rob them.

TRESPASS NOTICE

All persons are forbidden under the penalty of the law to hunt, fish, trap, or trespass in any way upon the lands of the undersigned in Watauga county. Violators will be punished as the law directs.

DRUNK DRIVERS INCREASE

Drunken drivers arrested in October by State Highway Patrol increased to 317 from 260 the month before, Captain Charles A. Farmer reports. The patrolmen made 2,898 arrests during the month for traffic and highway law violations. Those convicted were sentenced to an aggregate of 60 years and 10 months, and fined \$25,145, with court costs of \$16,625. The 121 patrolmen investigated 388 highway accidents in which 44 persons were killed and 260 injured. They recovered property valued at \$11,050.

THREE BROTHERS TO PEN

Three brothers, Percy, Jimmie and David W. Flowers, of Johnston county, were given three years each in the Atlanta penitentiary for an attack last summer on E. A. Bennett,

federal investigator, by Judge I. M. Meekins in Federal court here last week. They were also convicted of conspiracy to violate the liquor laws, and given suspended sentences. Twelve others supposed to be members of their liquor gang submitted to charges of conspiracy to violate the liquor laws and were placed under probation for periods from 18 months to two years. The Flowers brothers were given until January 1 to begin their sentences, being under \$10,000 bonds each for presenting themselves to Atlanta on that date.
