COLD WAVE KILLS FRUIT THROUGH MOUNTAIN REGION

Temperature Drops to Low 20s to Blight Huge Fruit Crop; Springlike Weather Had Resulted in Earliest Bloom in Memory of Most People

A cold wave, sweeping through the country last week, destroyed all hopes of a fruit crop in Watauga and adjacent counties, inflicting a loss of gigantic proportions to the people of this area.

Unseasonably warm weather which had prevailed for the most part for several weeks, had resulted in the earliest blooming of fruit trees remembered by even the older inhabitants, and practically all trees were in full bloom when the thermometer dropped a few degrees below the freezing point Thursday evening. On Friday, however, indications were that the crop was not seriously damaged, but on Friday evening, when the mercury slipped to about 23 degrees, and a heavy frost accompanied the freeze, there was little doubt but that the fruit crop was a total loss.

Springtime came to the mountains this year at least three weeks ahead of schedule, making pastures green and bringing prolonged warm weather. Since the freeze summerlike temperatures are again prevailing.

COMMERCE GROUP TO MEET MONDAY

Recreation Center, Highway Problems, to Furnish Major Discussions at Banquet

The Boone Chamber of Commerce will meet Monday evening at 7:30 at the Gateway cafe, and following the dinner a number of important matters of civic concern are slated for discussion.

Mr. H. W. Wilcox, who announces the meeting, asks for a full attendance, and particularly urges the officers and directors to be in attendance, since the election of a secretary will be a feature of the business session.

Mr. Wilcox states that highway problems will come up for major discussion, along with a badly needed recreation center. In this connection, Mr. Wilcox says:

"A lot of cities are planning on various monuments and other means of honoring our service men. Why not Watauga build a recreation center in honor of these boys? What about this, 'A Recreation and a Minister's Seminary' jointly? Something we would all be proud of—some place where our good mountain preachers could meet and study God's Word, and somewhere our returning service men could meet and pass away their leisure time, as well as our younger people, too. Think about this. Come and help discuss it. It is believed that such a center could easily be self-supporting. Build it in honor of both our service men and ministers of Watauga county."

Yanks Take Hannover On Road to Berlin

Paris, April 11—The U. S. Ninth army, in a neck and neck race with the American First army toward Berlin, quickly toppled Germany's 12th city of Hannover yesterday and swept on 28 miles into Brunswick's outskirts at a point only 110 miles from the Reich capital.

While tank units of the Ninth also overran Salzgitter, site of the Goering steel works 10 miles southwest of imperilled Brunswick, U. S. First army troops in a 40-mile advance on the south smashed into Norhausen and likewise struck within 110 miles of Berlin with the seizure of localities near Auleben, 45 miles west of Halle and 57 miles from Leipzig.

Thousands of allied warplanes were aiding the explosive advance into the heart of Germany and destroyed 397 German planes during the day.

CANCER CONTROL PLANS ARE GIVEN

The importance of the campaign is emphasized by these statistics on cancer:

One out of every 8 of you who read this will die of cancer—unless you do something about it. For cancer kills 165,000 Americans every year. It may kill you or one of those you love.

Every hour, cancer kills 18 Americans.

Cancer is the greatest killer of American women between the ages of 35 and 55.

Cancer is the second greatest killer of American men.

Cancer, if permitted to continue its vicious way, will kill 17,000,000 of us who are living today.

Gas Truck Ignites And Endangers Grand View Service Station

A fire which developed when a Gulf Oil Company truck from North Wilkesboro was delivering gasoline to the Grandview Service station on highway 421 east of Boone Monday, did considerable damage to the truck and building before the flames could be brought under control.

Mr. Grant Greene, owner of the service station, was away at the time, and a passerby is thought to have cast a match in the direction of the gas which was pouring from the truck to the underground storage tanks near the doorway. The fluid was ignited, and but for the quick action of Mr. Don Horton, who was passing the building, would have likely been destroyed. Mr. Horton, unmindful of his own safety, succeeded in plugging the storage tanks, and the fire company from Boone was called. The truck was seriously damaged but due to Mr. Horton's presence of mind, damage to the building will likely be no more than \$200. Mr. and Mrs. Greene want to thank Mr. Horton and the members of the Boone fire department for extinguishing the flame.

A Correction

On behalf of the Boone Merchants Association, The Democrat calls attention to an error appearing in an advertisement in regard to the Cove Creek basketball team last week, in which it was stated that Paul Bingham is the coach. As a matter of fact the present coach of the present winning team is Sam Osborne. Mr. J. E. Clay, president of the Merchants Association, regrets the error very much, and states that it occurred as a result of misinformation furnished the association.
